MENOMIN

Standing Out . . .

The theme of this year's MENOMIN has been "Standing Out" for many reasons. The first is that there are so many unique things about this student body that set it aside from others. We may be selfish here but we are all proud of Menomonie and all of its students in their various interests around school. Each one of the Menomonie High persons somehow knows that there are plenty of opportunities here for every interest, grade level, or career. This gives the students confidence and this helps Menomonie to "stand out!" This is a school for all groups; a happy place that will provide a mind full of fun memories in the years to come. To all who come here, spend time here, and leave here, we wish the best.

Tennis Nets Third

The Boys' Tennis season was one of surprise and satisfaction. The thirteen wins opposed to three losses gave plenty of chance to enjoy the sweet taste of success. When the scores were tallied, Menomonie came away ranked third in the conference.

Season highlights found Jarrod Barnard wearing the crown for conference and sectional singles champion. Others from the team competing at sectionals were Aaron and Eric Bloedorn. The points gathered by these individuals helped Menomonie receive the title of Sectional Runnerup behind Memorial.

In team conferencing several personal honors were given to valuable players. Kurt Ganzemiller received the vote for most improved. Tim Frank was given recognition as the most inspirational. Together these qualities helped make this tennis season an outstanding one on and off the court.

Golfers Drive To State

The Menomonie Golf Team had high expectations for itself this year. After a very successful season last year, the team had set a goal of returning to the State Tournament. With two seniors, Steve Dahlby and Greg Stai, returning there was a good foundation to build on.

The team finished third at the twelve team Hudson Tournament and third again at the twenty team Hayward-Telemark Tournament. At the LaCrosse Logan Tournament, the team finished first out of seven teams. The highlight of these was Steve Dahlby's first-place individual finish out of 100 boys at the Hayward-Telemark Tournament.

The Varsity squad finished its regular season with a 52-8 won-lost record. The Junior Varsity finished with a 9-1 won-lost record.

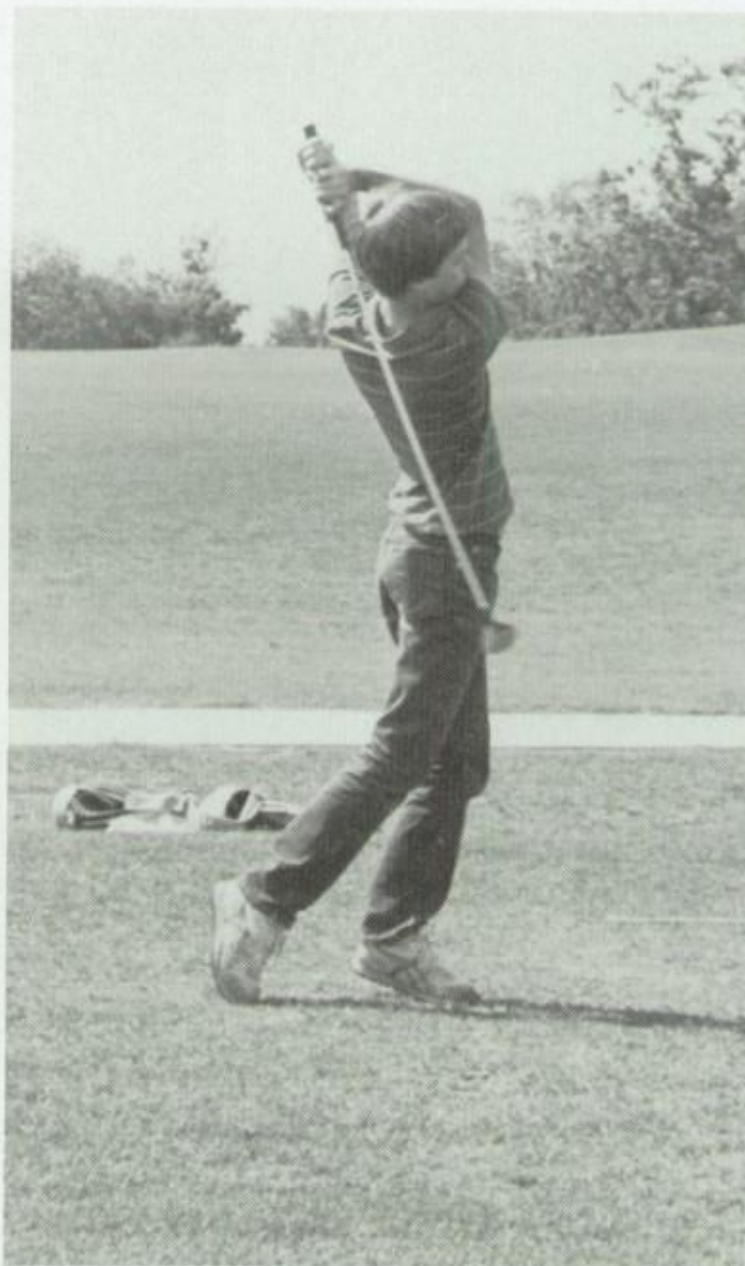

As the tournament season began, the team was looking forward to the River Falls Regional. At the tournament Menomonie finished second to River Falls, but this finish enabled the team to go on to the sectional tournament at Hayward. At Hayward the team finished in third behind Eau Claire Memorial and River Falls. However, Steve Dahlby finished in first place individually out of the 40 players and advanced to the State Tournament for the third straight year.

Steve Dahlby shot 76-80 to place seventh individually out of 103 players at the State Tournament and finished a great high school career.

Run Girls, Run

The 1985 Girls' Track and Field team had another great season, with an overall record of 83 wins and 9 losses. Among these wins were 1st place finishes at all five major invationals competed in. This was the fourth consecutive year the girls have accomplished this feat.

The Menomonie girls finished 2nd in the Big Rivers Conference meet and one week later won the Regional meet, with 16 girls earning the right to move on to the Sectionals. Menomonie finished 2nd in a meet that featured four of the top girl's teams in the state of Wisconsin. From Menomonie's team Jennifer Joyce went on to compete at the State meet in Madison where she finished 8th in both the 100 and 200 meter dashes.

The strength of this outstanding girl's team was once again based on solid contributions by all four classes of athletes. The top seven letter point winners who turned in exceptional performances throughout the season were seniors Shelley Albrecht, Patti Burns, Jennifer Joyce, Amber Lausted; juniors Jodi Anderson, Sherri Steinmeyer, and sophomore Christi Ocholi. Captains of the 1985 team were Shelley Albrecht, Patti Burns, and Ann Trainor.

This 1985 girl's team accomplished a great deal in continuing the strong tradition of Menomonie Track and Field.

Coming around the curve, Menomonie's Sue Henderson leads the way.

Boys Track Places First

A record number of candidates for the 1985 team made up for the loss of 11 very talented graduates. The seniors' enthusiasm quickly caught hold as the team goals became: 1) To win the Big Rivers Conference, 2) To win the Regional Championship.

The indoor season had Dan Hebl and John Ellenson in the spotlight with excellent individual performances. Indoor records were set by John Ellenson with a 6'8" high jump and Quint Lenz with 40'8 1/4" in the Triple Jump.

Outdoors the team won three consecutive invitational meets, the Amery Invitational (12 teams), and New Richmond Relays (14 teams), and the upset of the Cardinals to gain revenge in the eight team Falls Invitational. The Conference Championship meet featured our field event as Sam Ebute and Quint Lenz battled for one and two spots in the triple jump, both setting and breaking Conference records in the process. Brady Pierce won both the Shot and Discus while John Ellenson captured the High Jump title. Dan Hebl was the team's sole winner in running events, winning dramatically the 1600 and 3200 meter runs. As a result, he was honored as the coaches' choice for the Conference "Most Valuable Person."

The upset of Central failed, but second place provided incentive to meet the team's second goal. This was accomplished as the Indians became Regional Champions over the eight team field. The final season record for 1985 became 58-5.

Showing us how it's done, John Ellenson clears the bar with ease.

Softball Success!

Softball at MHS has the tradition of excellence and this year was no exception. The overall season record was 20-2 which included the Big Rivers Conference and regional crowns.

The '85 Varsity team was based around a strong core of seniors that included Lisa Frank, Kathy Bilse, Cheryl Oas, Laura Larson, and Amy Werner. The other starters were Beth Topper, Paula Frank, Jodi Sandfort, Joyce Halama, and Karen Bresson. This year's team was chosen from one of the largest groups ever and each class contributed ability, as seen by the varsity team.

The first loss came to Loyal (4-3) early in the season. After this upset, the Indians got stronger and stronger in an attempt to achieve their goal of State Champions. The winning streak of 14 in a row, was upset by a 2-0 loss to Stevens Point in the final game of sectional play. The '85 softball team had much to be proud of and owed much thanks to their coach Pat Helixon.

The Menomonie JV softball team had another outstanding season. The girls were undefeated against all other JV competition with their only loss of the season coming in a varsity tournament against the Onalaska varsity.

The girls won all of their conference games and were champions in all three of the JV tournaments they attended.

With the prospect of these girls improving and becoming varsity players, the future of Menomonie girls softball appears bright according to JV Coach Schrantz.

Home Is Best

The 1985 Baseball season began March 18 with eight returning letter winners. They were Brian Fizel, Jay Yoder, J.R. Buckley, Randy Knutson, Tom Peterson, Steve Ulesich, Jon Nevala, and Chris Helixon. To this group Tim Melms, Mike Sipple, Marc Proctor, Bruce Stafford, Chris Bowman, Matt Barnard, and Scott Santee were added to make up the varsity squad. This squad played together for two years and were sectional runners-up in 1984; they approached each contest with the philosophy that they would perform to the best of their abilities.

With this confidence and enthusiasm, the squad proceeded to finish in a third place tie in the Big Rivers Conference, finishing behind the number two and five ranked teams in the state; Eau Claire North and LaCrosse Central.

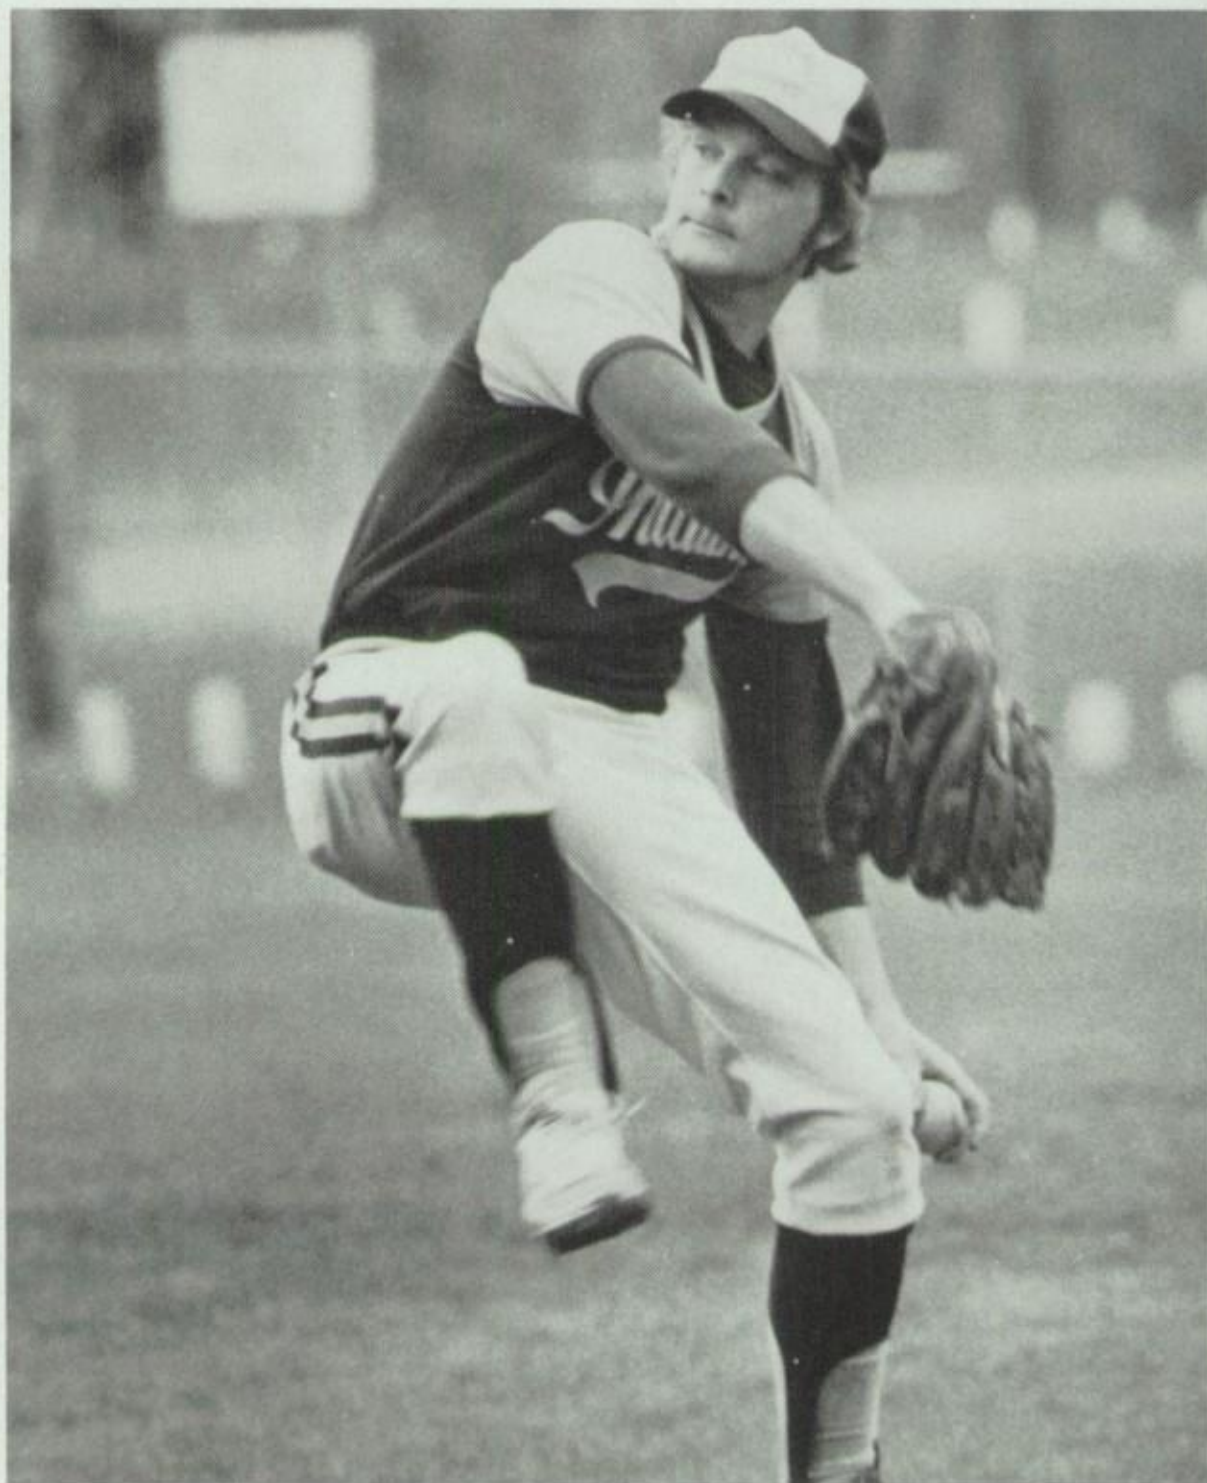

Five players were nominated for postseason honors.

The squad tied regional play May 21 against Hudson on the road to sectionals.

Assisting the coaching duties this spring were Dick Smith and Luke Fenton. Both coaches worked with junior varsity, freshmen, and varsity squads, and did commendable jobs with the athletes.

Girls Net State

The 1985 Menomonie Girls Tennis Team had a tremendous season with the largest team ever. An impressive batch of newcomers added to the dedicated returning members made the team one to be reckoned with.

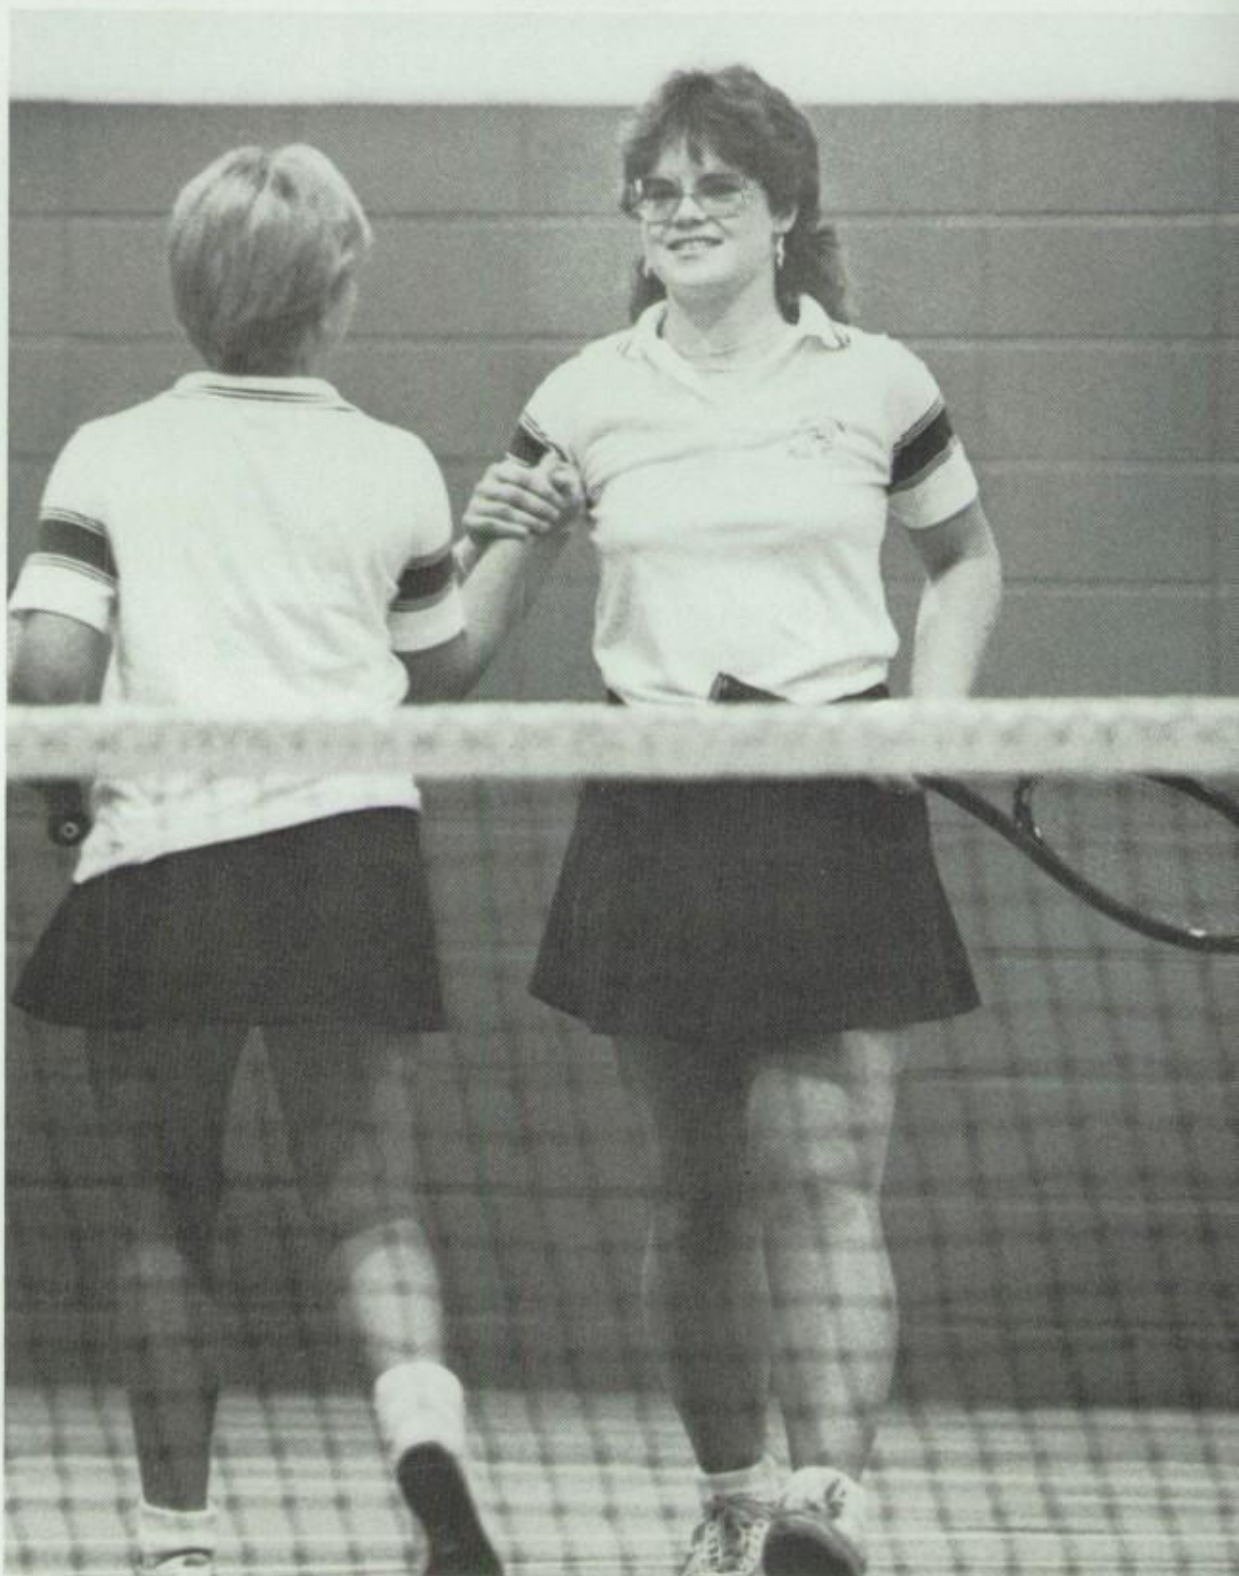

Coach Wendy Hastings and team captains Katie Ritland and Kris Reisinger led the 33-girl team through many four-hour practices filled with lots of strenuous (horrible) but stamina building exercises. The team even attended Jazzercise sessions. Some members of the UW Stout men's tennis team worked with the girls too.

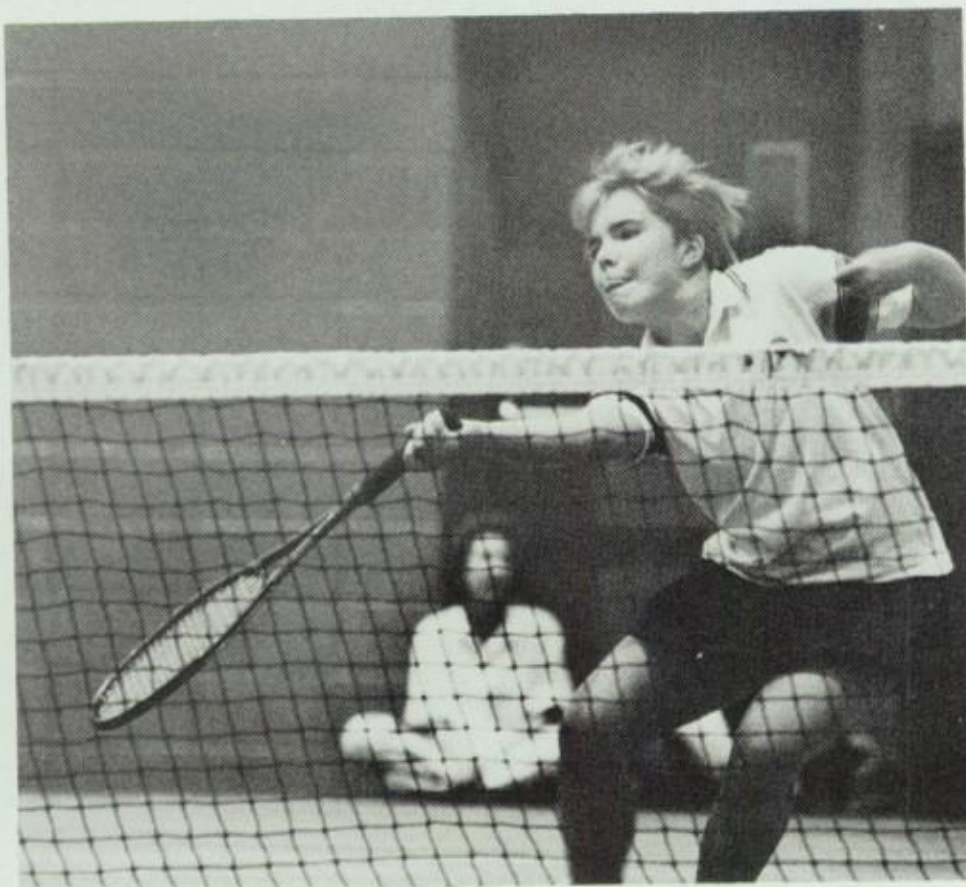

After the season, with the money raised from candy sales, the tennis team went to see Bjorn Borg and John McEnroe(I) compete in an exhibition match. What an inspiration!

The team must be congratulated on their successes. Their practice paid off as Leah and Clare, Joyce and Pam, and Katie and Sue advanced to sectionals. After this success, Katie Ritland and Sue Kiel advanced to state where they placed fourth. All in all, it was a very good year.

Cross-Country Review

With a lot of hard work the 1985 Cross-Country season concluded with winning records for both the boys and girls teams.

Led by senior captains Sue Henderson and Sue Orfield the 1985 Menomonie girls compiled a record of 78 wins and 27 losses. Several highlights included winning the team championship at the Stanley-Boyd Invitational and 2nd place finishes at the Husky and Olde Abe Invitational. The 1985 varsity squad was made up of senior Sue Henderson, juniors Ann Larson, Julie Kothlow, and Lori Seastrand, sophomore Cathy Hulbert, Margaret Larson and Anita Hayden, and freshman, Laurie Wolf. Post season honors went to Cathy Hulbert best team runner, and to Sue Henderson as the teams outstanding runner.

The 1985 Boys Cross-Country team was led by senior captains, Steve Shephard and Scott Nelson. Along with Shephard and Nelson the boys varsity team was made up of Juniors: Joe Murray, Paul Robelia and Matt Rust, Sophomores, Matt Flug, Scott Wheeler, Rob Burns. Setting their pre season goal on having a winning record. The Indians finished with 69 wins and 54 losses. Big Rivers all-conference honors were earned by Matt Flug who was also honored as the team's outstanding runner for 1985. The best team runner award went to junior Joe Murray.

Graduation seniors from the 1985 Cross-Country program are Sue Henderson, Lisa Witt, Sue Orfield, Jennifer Jensen, Steve Sheppard, and Scott Nelson.

With a good nucleus of experienced runners returning in 1986 the Menomonie team looks forward to a solid and successful season.

J.V. Cheers!

The J.V. Cheerleaders have made an impressive showing during this past year. Even before school started. The J.V. group had taken second place in the DCA Cheerleading Competition in River Falls. They won for the "Best Organized Cheer," "Spirit," and Outstanding Leadership."

Captains for football have been Missy Koch and Julie Hastings. The boys basketball team had Missy Koch as cheerleading captain and girls basketball had Liz Sawin. The girls have been an outstanding example of young leadership at its' best.

Varsity Cheers In Florida

The cheerleaders raised funds all year for their trip to Orlando, Florida on December 26 of 1985. There they competed in the National Competition in warm weather.

Pre-season activities included going to National Cheerleader's Association Camp in St. Cloud Minnesota. Mindy Walter and Sonia Labs served as summer captains. When football began with a long-running season, the same two girls served ably. The varsity Cheerleaders gave exemplary attention to the activities during winter sports. Sonia Labs headed up the varsity basketball. The hockey and wrestling Cheerleading programs gave the winter sports a special boost. Cheerleaders, we all thank you for giving our school that special spirit!

Swimmers Swam Swiftly

Big things come in small packages, they say, and this was doubly apparent in this year's Girls Swimming and Diving Team. As the smallest team in the conference, the girls were competitive in all of their meets. Their record is not an accurate measure of their talent.

School records were broken in eight of the twelve events. These were broken by Jodi Anderson in the two diving events, Elizabeth Hoyt in the four freestyle events, Chris Racine in the 100 fly, and Chris, Kim Macklin, Meg Moseler, and Elizabeth in the 400 freestyle relay. Three conference records were also broken by Jodi in diving and by Elizabeth in the 200 and 500 freestyles.

The team had five conference champions. These were the four girls in the relay and Jodi and Elizabeth in their events. Jodi was also named Conference Most Valuable Swimmer/Diver.

Jodi and Elizabeth also represented the school at the State Meet in Madison, where Jodi placed tenth and Elizabeth placed seventh and thirteenth in diving, the 200, and the 500, respectively.

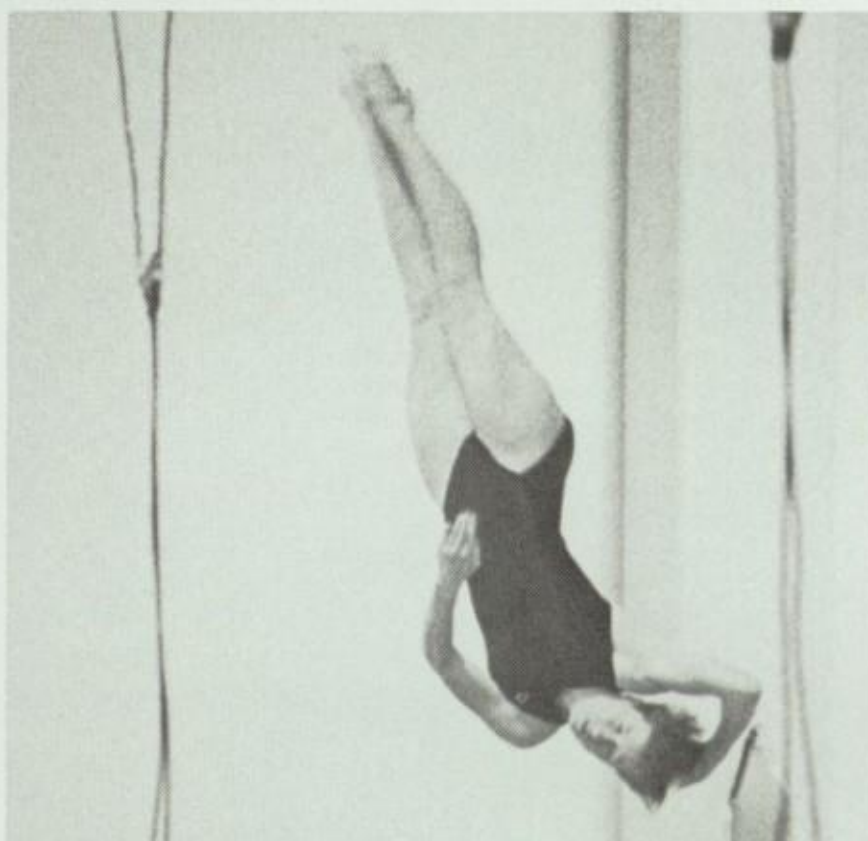

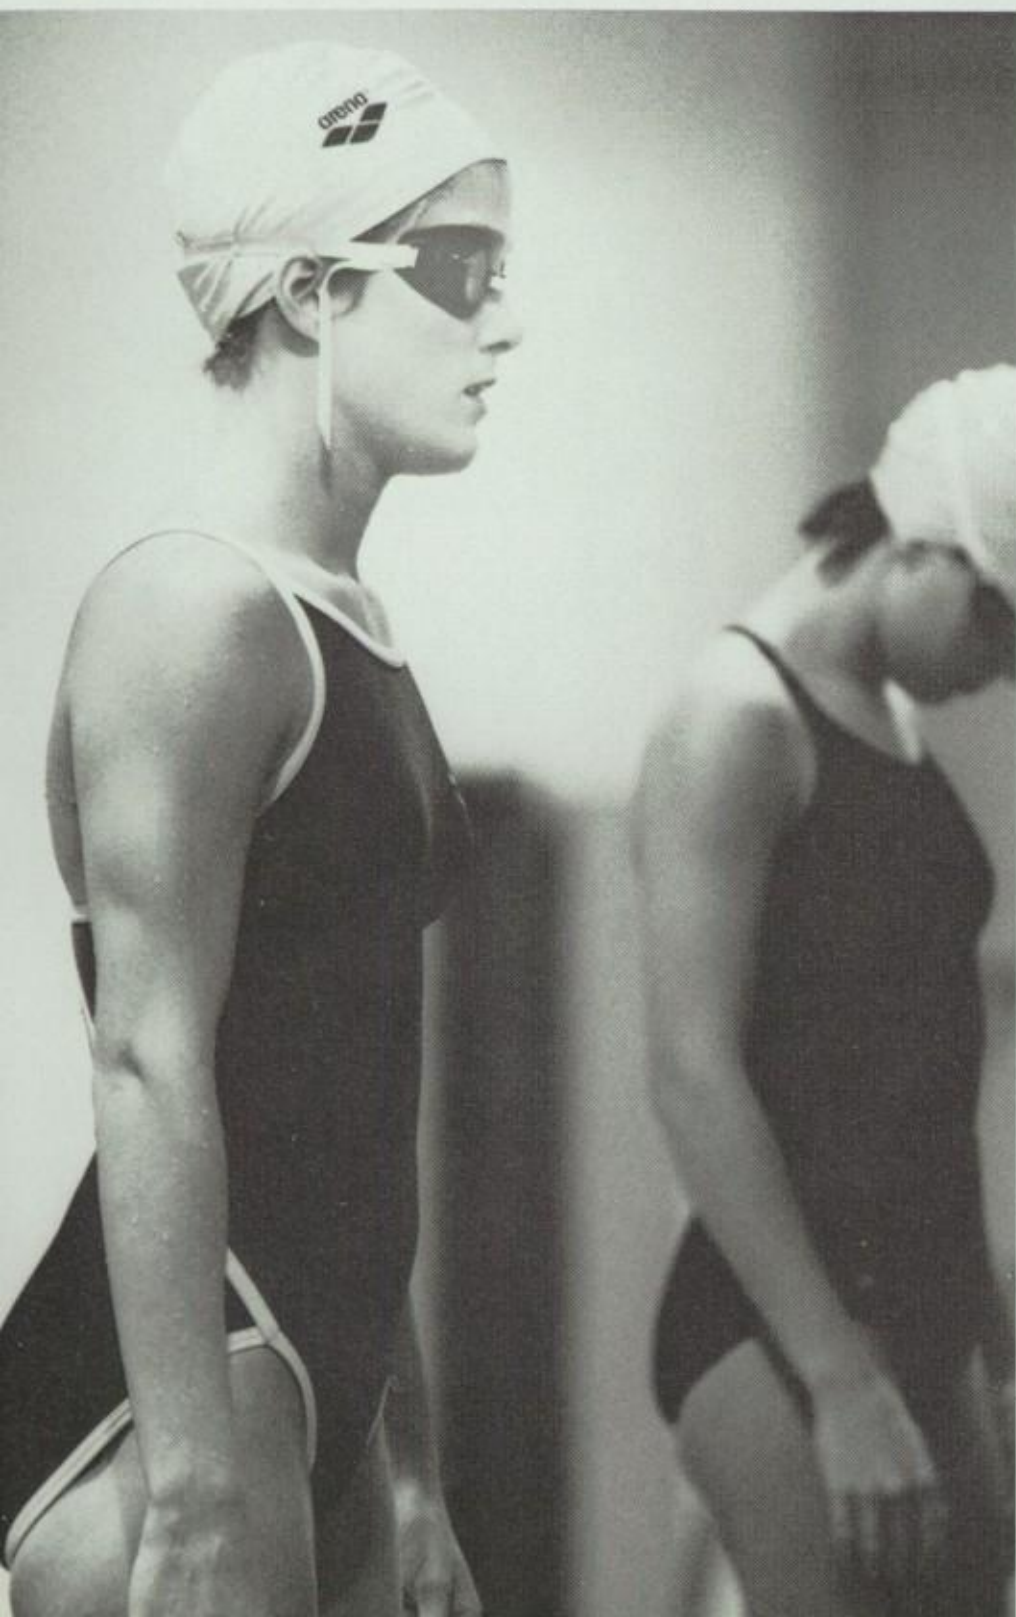

It was an extremely good season for the team.

Pom Pon Greats!

This year's MHS Pom Pon Squad started the season off by attending a summer NCA Pom Pon Camp. They brought home the Sweepstakes award and several spirit sticks. Tara Buss was chosen as a NCA Candidate to perform during the half-time performance at the Aloha Bowl in Honolulu, Hawaii.

The squad participated in several clinics and placed 2nd in class A at the Amery clinic.

Some of the unique routines for this year's squad was choreographed to songs like "Dance this World Away", "We Built this City", and "Da, Da, Da".

The squad held their first "Kick-a-thon" in the fall and had a Valentine's fund raising dance in February.

These activities made for another successful season.

Volleyball "Gels"

The girls volleyball team had lots of enthusiasm and heart this year and wound up third in Conference. Many games were turned around as the team came back with the determination to win.

A few highlights found Michelle Aubert managing the team, and Lisa Bammert voted best server. Laura Giere was a consistent server and Geraldine Johnson had outstanding net play. Christy Ocholi and Ann Bloodhart were great at spiking and Jodi Sandfort had vicious serves. Co-captain Wendy Coomer joined with Kim Zylka demonstrated a great attitude. Lori Newman had a powerful serve and Linnae Frank was most versatile. Donna Debee had a great net play and Julie Long was voted an enthusiastic team member. Coach Wanda Schwoch enjoyed the work with the team and looks forward to next year.

Football's Strong Future!

The football program at M.H.S. is strengthened by the competition in practice. To make a good varsity squad, the J.V.'s were placed in opposition and according to Mr. Hatfield, the J.V.'s were so good that the varsity had plenty of real tough experience.

Coach Hatfield went on to say "the boys showed a great deal of improvement during the season and definitely contributed much to the varsity squad."

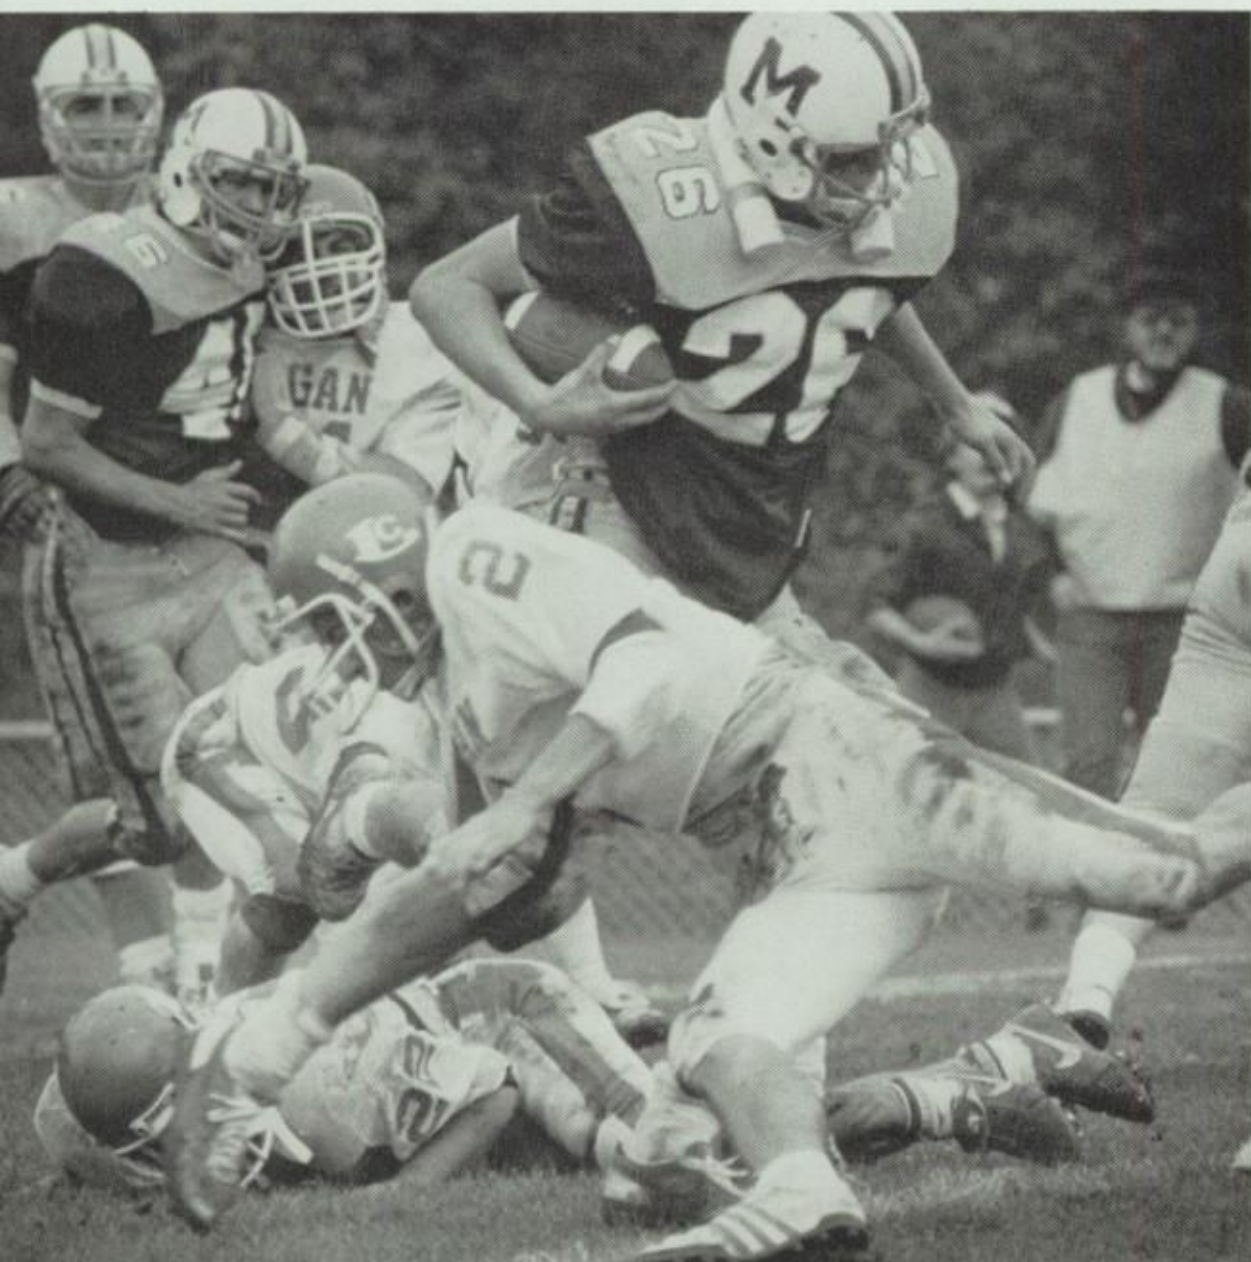

As far as records go, the J.V. team had four wins and one loss. The sophomore team had a season close with three wins and three losses. Freshman players were coached by Mr. Stratton and their record this season was eight wins and one loss. With this talent waiting in the wings for varsity action, Menomonie will have football talent for years to come!

The ninth grade football team this season consist of: Row 1: D. Polacheck, B. Gilenbach, C. Radke, S. Klopp, M. Schiotz, T. McCullough, T. Watkins, M. Bilse, C. Cummings, J. Draeger, B. Walter, T. Football Goes To State!!

The Menomonie Varsity Football team was able to play at Camp Randall in Madison this fall in their attempt at first place against the Port Washington team. This was the second year in a row Menomonie was able to win the conference championship and continue to a state playoff.

The game at Rice Lake provided plenty of incentive to show that the Indians were state material. At this point many players sported the "mohawk" haircuts to show their true "Indian" spirit! Even Coach Hatfield eventually gave in to Mohawk Fever. After contemplating the season, Coach Hatfield remarked, "the school and community spirit was great!" ... and ... "playing at Camp Randall in Madison was something I know the boys will always remember."

The head football coach, Mr. Hatfield gets his mohawk as promised.

The Price Of Success!

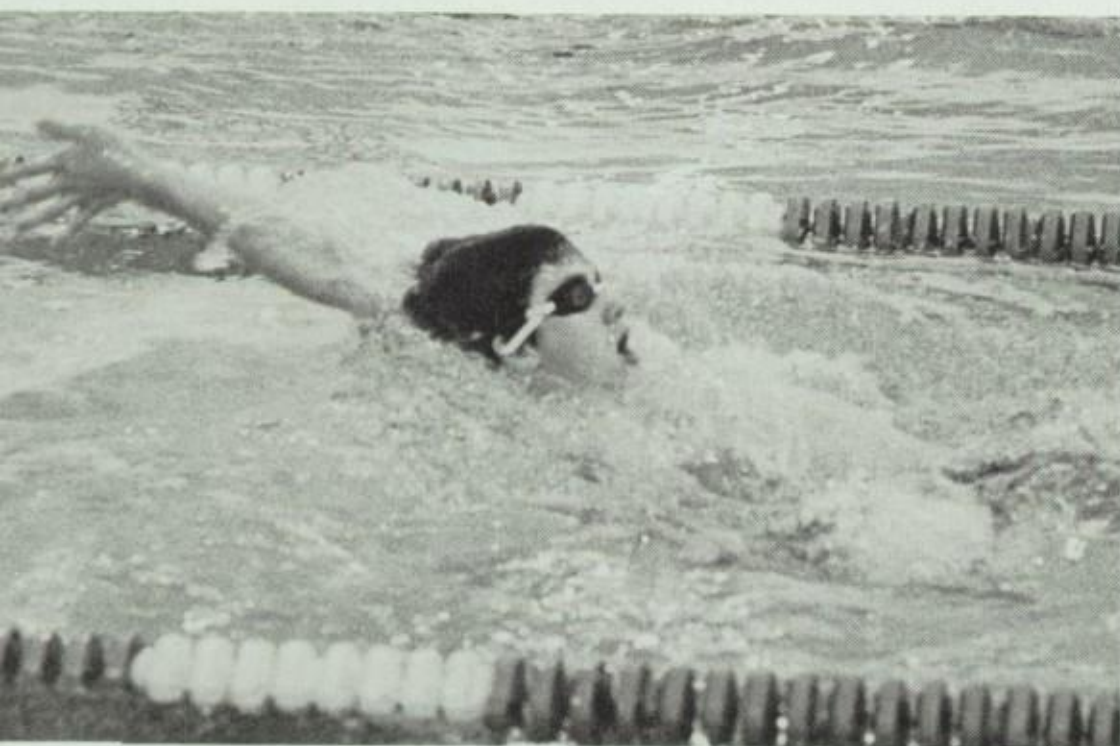

Wow! That's what the students and faculty are saying about the boys varsity swim team this season. The group had a record of six win and three losses this season. The group has shown that a lot of water never hurt anyone if mixed with hard work, long hours, pain and effort.

All Season long, the athletes pushed toward one goal, a successful season. More than once these swimmers stumbled into the winter darkness, their muscles sore and tight from yet another Marotz work-out. More than half of the team also continued their practice early the next morning by jumping in the water at a cool six A.M. just to get their blood running and put in a few extra laps. Everyone at M.H.S. looked forward to more winning seasons as coach Marotz continues to say his familiar lines of "Hurt, Pain, Agony!" This is the price of success that every swim team member must pay, but its worth it. We're proud of all of your accomplishments here at M.H.S.

The swimming team for 85-86 consists of: Row 1: Tom Ninneman, Pablo Marin, Paul Larson, B.J. Kroma, Eric Dotseth, Brad Miller, John Chastan, Matt Cleary, Nick Vranack. Row 2: Jeff Hokanson, Mike Nooney, Ted Head, Aaron Beasley, Steve Johnson, Josh Steens, Lewis Anderson, Scott Wheeler, Rodrigo Marin, Lee Hathaway, Sara Faldofske, Coach Carol Ehnert, Coach Al Marotz.

An award-winning form is easy for Paul Larson.

Every Menomonie swimmer goes the distance in equivalency from Menomonie to St. Paul many times just as Nick Vranack shows here.

A splash, and Matt Cleary is gone.

The back stroke is not B.J. Kroma's personal favorite, but he does it with skill.

Wrestlers Face Injuries

The Indian wrestling squad had an interesting season this year after nine consecutive years of being a power in the conference. Some of the squad started off with a super effort and outstanding potential only to lose it to injuries. Four of Menomonie's lettermen suffered injuries including conference champ Erik Maki. Others who had to sit out part of the season included Sam Shackleton, Joe Heilhekker, and Eric Klopp. Consequently many gaps were left in the Indian lineup this season.

Freshmen and sophomore wrestlers filled in the gaps and were paced by sophomore Corey Welk and freshman Matt Schiotz and Bruce Welch who recorded outstanding seasons. Next years future looks bright. The entire varsity team will be returning with much-needed experience from summer free style competition, experience from this year, and weight training during the off season.

Breaking Into Basketball

The 1985-86 JV Girls Basketball team has been coached this year by Jeff Hastings. There have been eight juniors and two sophomores on the team. Some of the players this year were Michelle Wayne and Christie Ocholi at center. The forwards were Dana Anderson, Lori Bernschot, Julie Kothlow and Diane Sipple. In the guard position we had Rhonda Wood, Ann Larson, Sue Keil, and Colleen Hemauer.

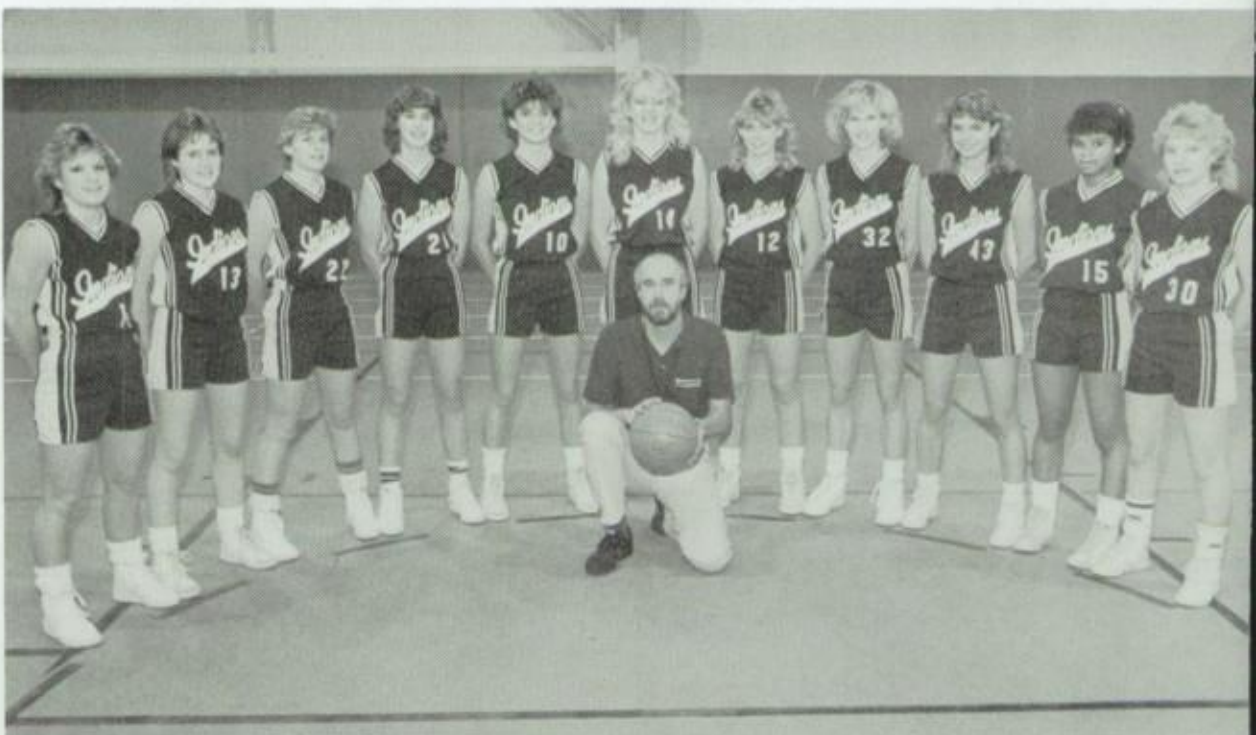

The season started off with a great success for the team as they defeated New Richmond 53 to 15. With this clean sweep the team went on to win one more before losing two in a row. After that, the team seemed to take off and the JV Girls won their next six out of seven games. The toughest competition the squad faced all season was playing against Eau Claire Memorial and Eau Claire North.

Offensively, the team had a slow start this year but came around well later in the season. The defense this past season was strong due to the hustle and determination set forth by each player. From a team standpoint, each one of the girls made a significant contribution to the team. This group will be back next season with many on the Varsity squad. The JV Girls will take the strength and competitive spirit and turn it into a Big Rivers Conference Championship.

On The Court With Varsity Girls

The Menomonie Girls' Varsity Basketball team moved into power in the conference early in the season. The group realized they had lost some great players with last year's seniors but the group also realized they were one year older and naturally one year sharper than the year before. Under the able coaching of Mr. Helixon, they took a positive mindset and proved they could develop their confidence as a team and demonstrate their power.

The returning juniors provided much of the spark. Beth Topper, who played much last year, got in much playing time along with Paula Frank and Kathy Afdahl. The height of Kathy and Beth, joined with Chris Moegenburg, aided the efforts of other enthusiastic players like Wendy Coomer. All of these factors went together to create an impressive showing on the court this season. With the fine players coming up as this year's juniors, Menomonie girls will be a power on the court for years to come.

Kathy Afdahl makes certain that the ball is out of reach.

Gymnastic Moments

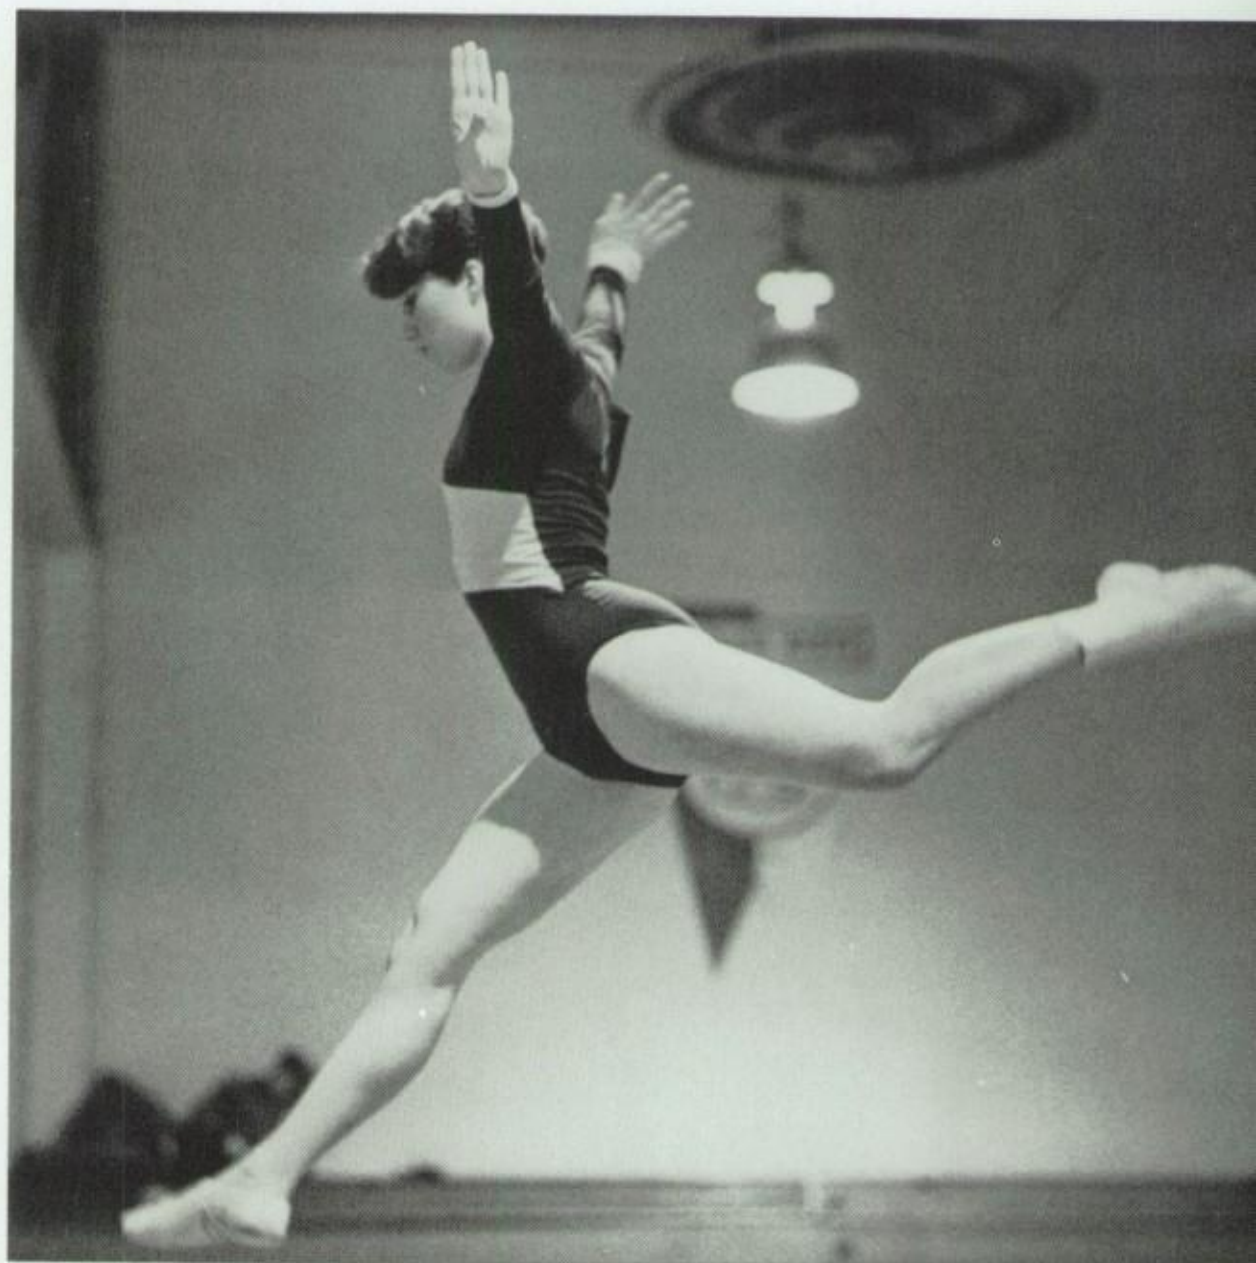

At Menomonie Senior High this year the Gymnastics program was off and running. Some of the returning athletes provided just the incentive needed to encourage younger students to take part as well. With a large group of students, the mood was set for a great season. One of the biggest changes was the addition of a new coach for the gymnasts and Chris Gill assumed that role.

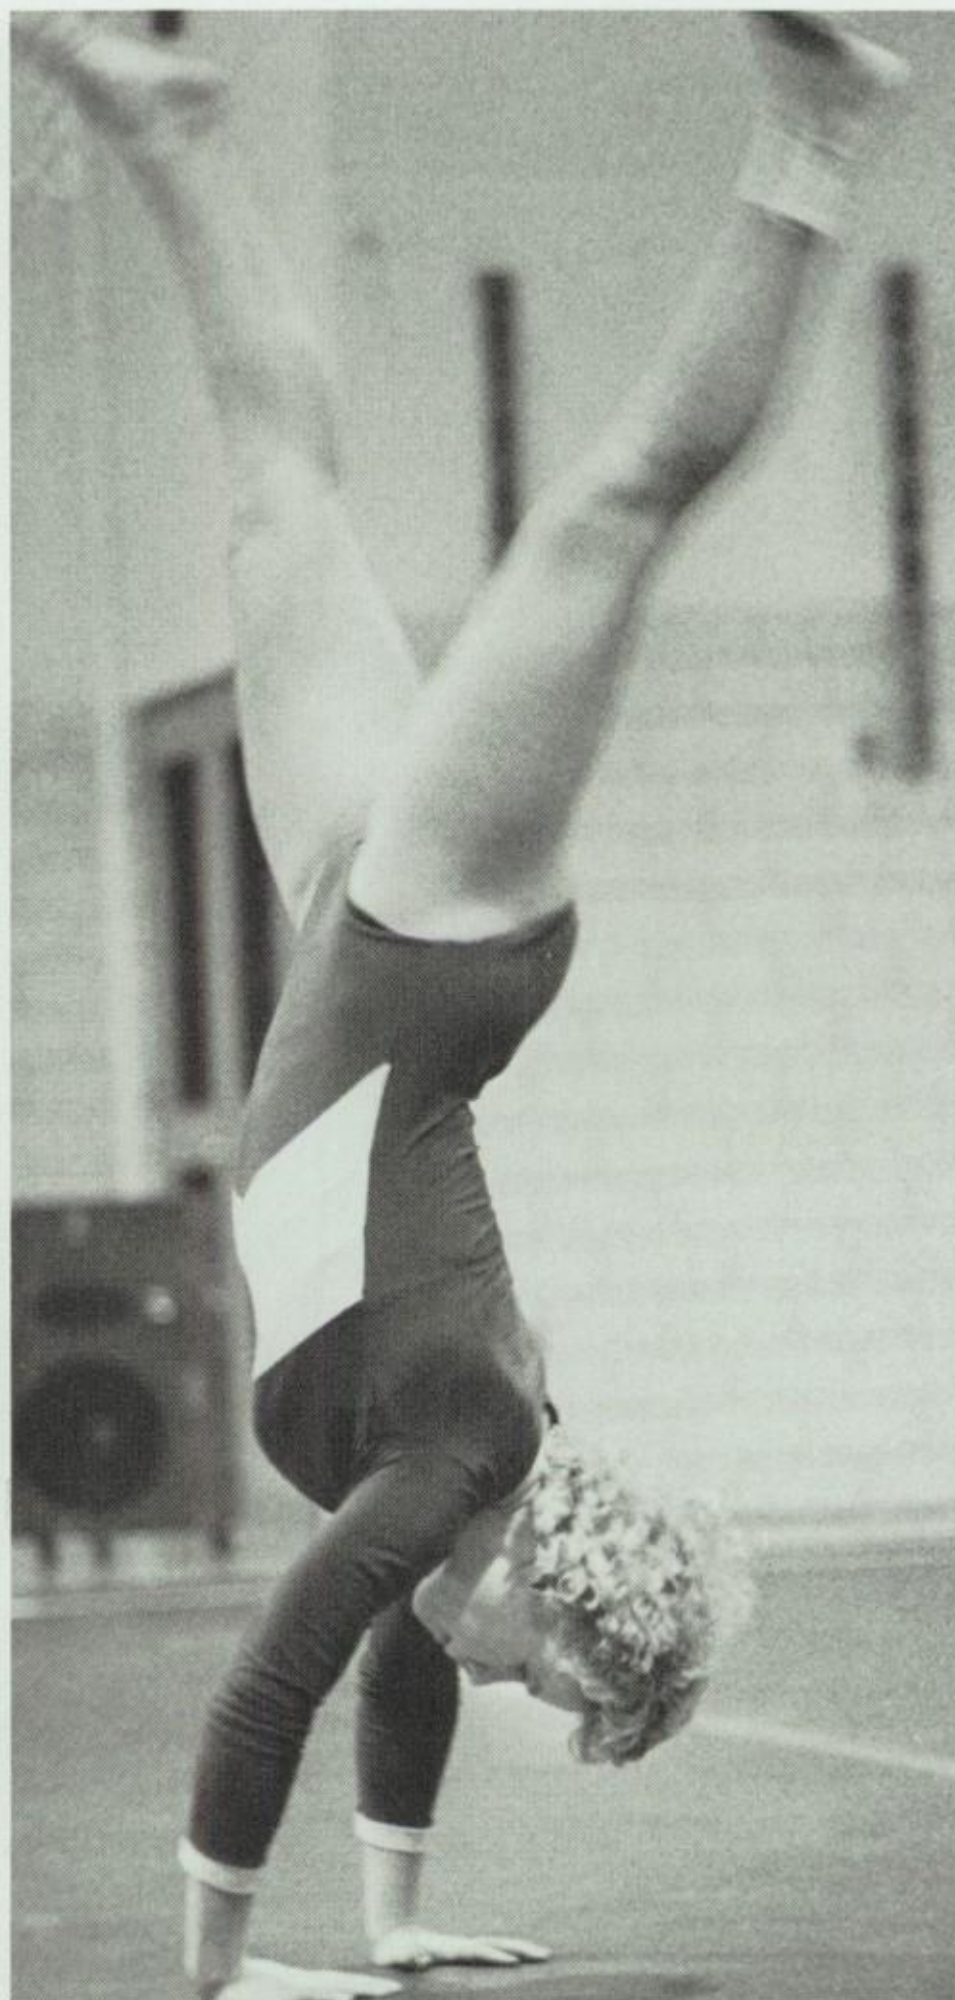

In the performance area this year Jodi Anderson professional performances on the beam along with Teresa Stokes and Jackie Pax doing their outstanding back handsprings. The junior varsity and varsity groups have won many meets and the pride continues in the program.

The varsity stars have included Jodi Anderson, Paula Weber, Jenny Baier, Jackie Pax, Teresa Stokes, and Heidi Schultz. In the J.V. competition we have had great representation and outstanding performances from Tammy Schlough, Maria and Meg Moseler, Jill Kadinger, Jamie Brown, Chris Johnson, Heather Braker, Whitney Meier, Julie Kingsette, Mary Kay Zengel, and Jena Wood. All of these individuals have helped to make this winter's sports season just a little more exciting. Great going group!

Hockey Atmosphere Alive

The winter season came in early giving the Indian hockey players the opportunity for a long but beneficial season. The fans followed the team from ice to ice as the team demonstrated that they were a power in every game they played. The atmosphere that surrounded the team at home and away games was tremendous as the crowds were larger than ever.

The attack was led by the powerful "blue line" with captain Jeff White at center with Tadd Iverson to his right and Paul Wurtz to his left. They made 75% of the total offense. Right behind them was a junior, sophomore, junior combination of Jeff Watkins, Kevin Kahl, and Kurt Rudiger. On the blue line was Kyle Kamish, Kurt Rudiger, Bruce Platter, Bill Neubauer and Steve Radke. Eddie Roethke played goalie for the Indians.

This years team was a constant battle between the young and the old. The new players worked to earn the respect of all the players while the older, more experienced players demonstrated their leadership and brought everyone together to play as one. The team knows what it takes to win and with the years of experience behind them, they may show even more outstanding seasons in the years ahead.

The hockey team is made up of: Row 1: Dave Engeldinger, Todd Watkins, Ben Walter, Jeff Rudiger, Eddie Roethke, Richard Wood, Brian Bixby, Kevin Kahl, Steve Hoffman, Chad Shutts. Row 2: Coach Ed Roethke, Jeff Watkins, Tadd Iverson, Bruce Platter, Steve Radtke, Kurt Rudiger, Kyle Kamish, Paul Wurtz, Bill Neubauer, Jeff White, Brad White, Coach Mike McMillan. Cheerleaders for the season are Amy Pittman, Raquel Buckley, Lori Seastrand, and Janel Smith.

J.V. Boys Net Success

In Menomonie all of the J.V. athletic programs are difficult to differentiate from the varsity due to the scope of the J.V. talent that is available. This year was not an exception as coach Bob Peterson led the boys through a series of successes on the floor.

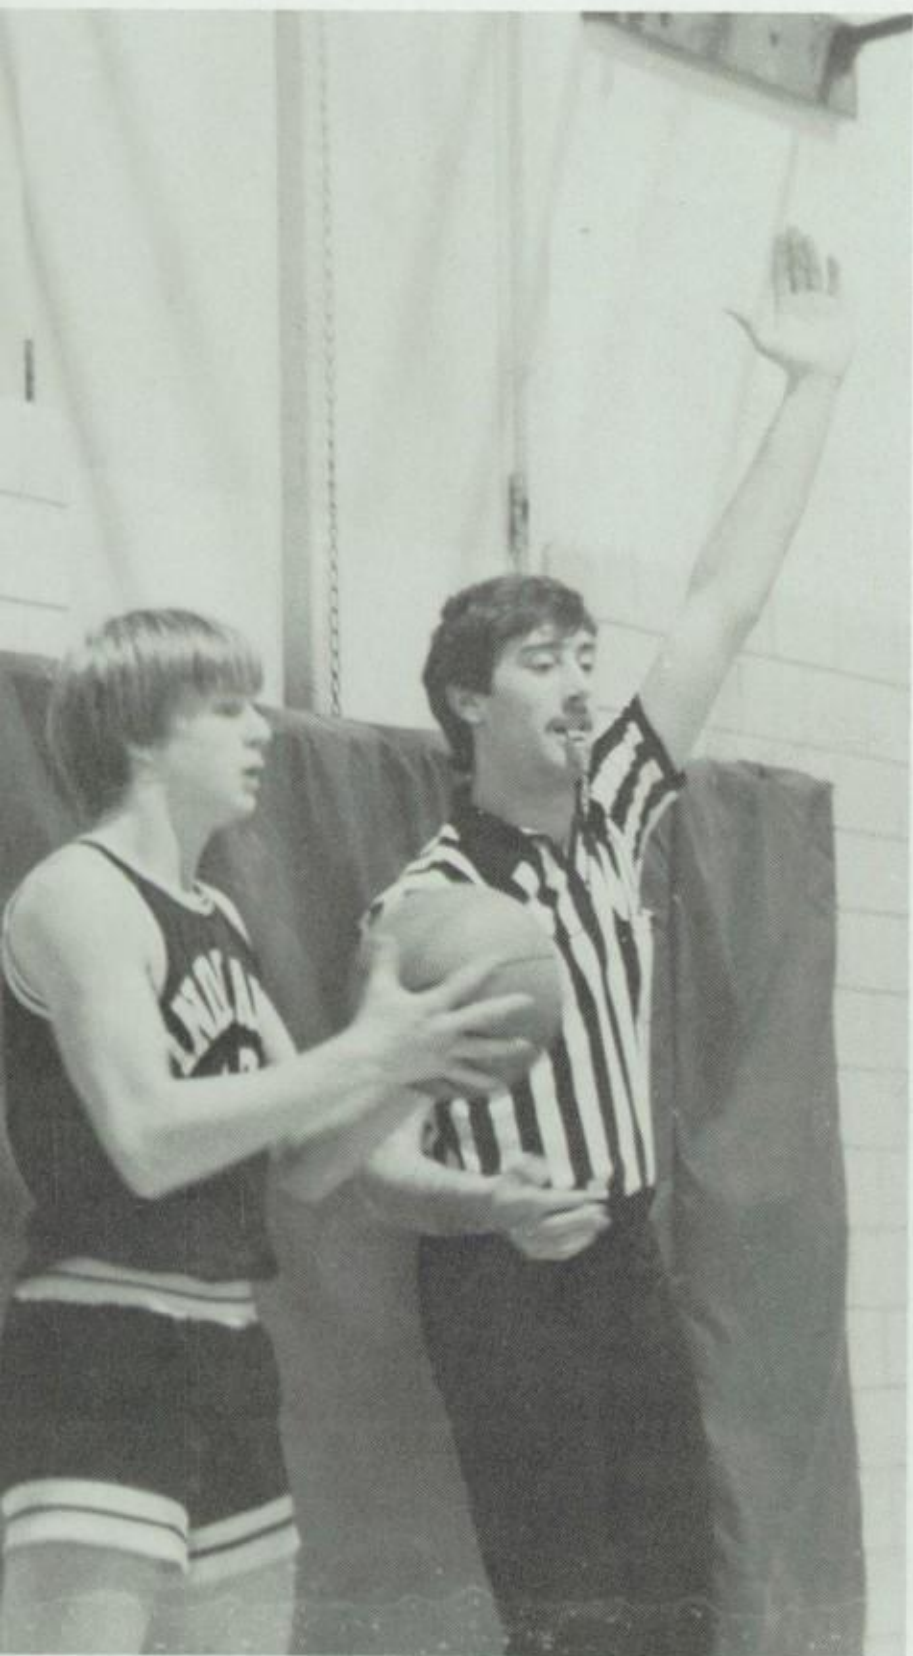

Juniors on the team this year were Tim Bechard, Joel Kuester, Matt Barnard, Sam Ebute, Jim Gunlach, Jerry Larkin, and Al Fahl. The sophomores were a dynamic lot as they pulled into positions on the J.V. squad. They consisted of Mike Jax, Tony Kothlow, William Bechard, Shad Miland, Rich Olson, Brant Moegenburg and Dave Peterson.

One of the unusual highlights of the year was when the Indians were down one point against Regis in the last second, Jim Gundlach sank a three-quarter court shot to win the game for Menomonie as the ball swished through the net. Let's do it again Jim!

The ninth grade boys basketball team is pictured here with Coach Bundy. Behind him are Shane Klopp, Mike Blise, Kurt Larson, Mike Miller, Steve Otto, Scott Ebert, Mike Wittlinger, Todd Leipnitz, Jarod Kirsling, Pete Weber, Mark Keiser, Eric Siler, Chad Boch, and Monte Raymond.

And Basketball Too...

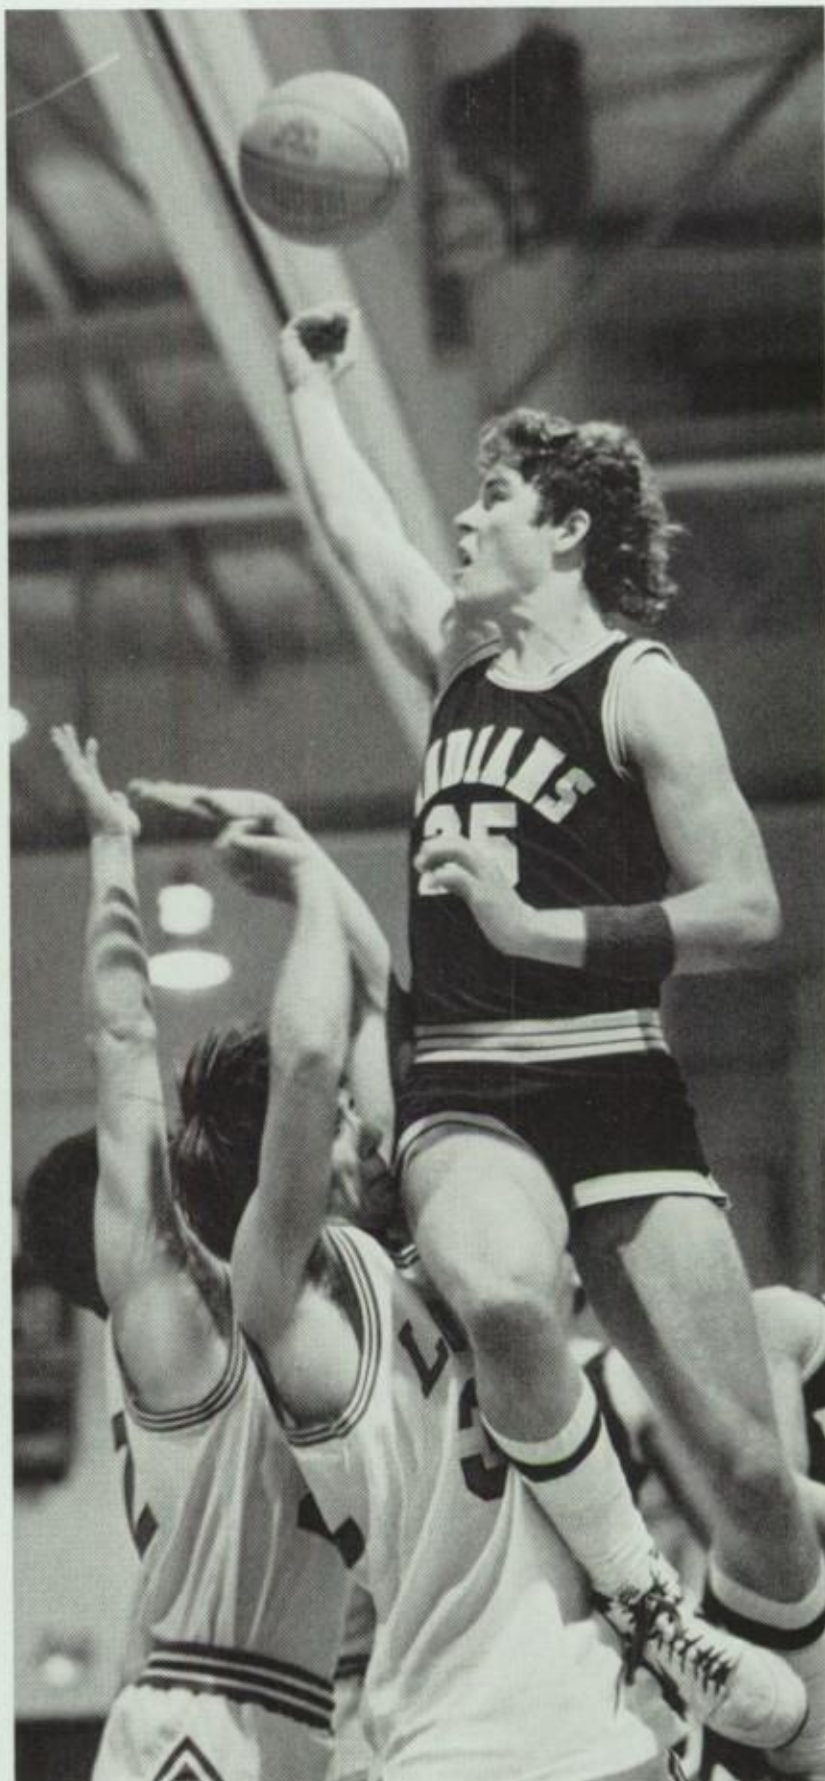

The 1985-86 Boys' Basketball team would not be shown up by the incredible achievements of Menomonie's football squad. The return of six foot seven inch Marquette-bound John Ellenson, who led the conference in almost everything last season, was the mainstay of Menomonie High's basketball hopes. He was not alone, however. The flashy Chris "Louie" Helixon was employed at guard along with a new face on the team, junior Mike Noreen. Assisting John under the basket were sophomore Colin O'Neill and the greatly talented Kip Bundy. The solid play of Kevin Henderson was another valuable asset to the squad.

Rookie varsity coach Steve Schrantz did a superior job at his first year at the helm. Coach Schrantz was not afraid to go to his strong backup seniors Bruce Stafford and Mark Dahms or juniors Joel Kuester and Matt Barnard when he was in a pinch. The returning letterwinners were: John Ellenson, Kip Bundy, Kevin Henderson, and Chris Helixon. The Indian's up-tempo offense and strong defense made a big showing in the Big Rivers Conference this year and will continue to in the years to come.

M.H.S. Presents . . . You're A Good Man Charlie Brown

This fall the M.H.S. Drama Department did the show "You're a Good Man Charlie Brown." The cast was small but the overall effect was tremendous. The group chose to go on a camping trip together to learn their lines and rehearse the scenes in an effort to make this the best show ever. Ms. Julie Hile, director, double cast two of the main characters, Lucy and Peppermint Patty, with each performing different nights.

The cast had Rob Lovrich as Charlie Brown. Mary Holmstrom and Sara Falkofske were Lucy, while Steve Young

played the canine Snoopy. Leah Christenson and Anne Oldfield were Peppermint Patty, Greg Krause was Schroeder, and Blaine Holvorson, Linus. The chorus featured Sam Samuel, Lora Wieman, Sara Benson, Missy Brown, Karen Sax, Tessy Larson, Jill Havlik, and Anne Hokanson. The group put together a beautiful show which provided the Menomonie area residents with entertainment for several evenings. Keep up the good work M.H.S. Drama!

We Dedicate This Book . . .

This year's yearbook is dedicated to Mr. Bill Norton who has served as the main advisor to the *Menomin* for the last seven years. Mr. Norton has applied much of his artistic expertise to each of the books created under his direction. In addition, each year he has trained new staff members, chosen editors, gone to workshops and made sure the book had quality. The student editors this year have been Julie Utzig and Corinna See, who have put in a tremendous amount of lonely hours assembling the necessary materials for this book. Julie's organization and Corinna's creativity are evident in these pages. The business aspects were handled by Laura Giere, Corrinne Thibado, and Ardis Hullberg.

All the staff has helped with the copy, captioning, and

layouts. The number of students participating this year has been lower and all the staff members have had an uncomfortably large time commitment. The people who had one of the largest jobs were Kim Hinzman, Heidi Ford, and Ardis Hullberg, who did the index.

To all the staff, the advisors say "thank you." To Bruce Muller who did most of the photographs, we say "thanks." This book is larger, it has colored pictures of seniors for the first time, and we hope it truly represents Menomonie Senior High. In spite of all the work, the staff does hope that you, the students, the staff, and the community enjoy reading and looking at this book. We're proud of our school and hope that it shows in this year's book, "Stand Out, Menominel!"

Wondering about a layout, Julie Utzig takes her problem to Mr. Foxwell.

National Honor Society Honors!

The National Honor Society has had a busy year taking in new members and planning their initiation. The officers elected for this year are Jodi Sandford, president; Russel Bauer, vice-president; Kristen Reisinger, secretary; and Darren Rust, treasurer. In order to be in the society one must exhibit special qualifications in scholarship, truth, service, character, and leadership.

This winter the group attended a concert in the cities according to president Jodi Sandford. They also did

Heart-o-grams, the singing telegrams used for a Valentines Day fundraiser. The group continues to set an excellent example of leadership for Menomonie High.

Menomonie M-Club

M-Club is an athletic service organization which seeks to provide funds for the total athletic program in terms of equipment and awards. Through projects involving athletes of all sports, athletes become a more unified group. Mark Dahms, president for 1985-86, is responsible for MC duties at each of the three seasonal award banquets as well as other typical duties. Vice President Kip Bundy, Secretary Jon Nevala and Treasurer Dan Lechler are the other officers for this year. The unified feeling the members attain help all to know that they have made the school a better place just for having been here.

Student Council Concerns

The 1985-86 Student Council has once again been a strong underlying group of leaders at MHS. Their activities began with one of the most successful homecomings ever. In October the student council motivated a large number of Menomonie High students to participate in the Hunger Walk! Nine-hundred dollars were raised by MHS alone. Early in November, twenty-three student council members, along with advisor Tom Slupe went to Telemark for the Student Council fall leadership conference. The student council also supported members of the student body by helping fund trips they earned! The concession stand, run by the student council, has also fed many starving students during commons and gave teachers the opportunity for its use during Thanksgiving. Two major at-

tractions added to the concession stand included ice cream and slush puppies. The council also worked on putting together a fun filled Spring Spree week (April 14-18), which was topped off by a dance on the 18th featuring a Great American Music sound and light show. The officers on the executive board for the student council are: President-Jodi Anderson, Vice President-Mindy Walter, Treasurer-Paula Frank, Secretary-Katie Ritland, Parliamentarian-Julie Long, and Historian-Donna Debee.

At times Student Council has its lighter moments as Kathy Schaefer demonstrates.

Student Council officers are Jodi Anderson, Katie Ritland, Paula Frank, Julie Long, Donna Debee, and Mindy Walter.

Office Gets Assistance

In the high school office there are several people who make the life of Mrs. Hillman and Mrs. Cinker a bit easier. They deliver messages and run errands, along with sorting the mail. The students who assist with this capacity are Diane Larson, Lisa Krueger, Kim Kingsbury, Tammy Listner, Missy Brown, Tadd Iverson, Cari Flint, Jenny Milner and Scott Wheeler.

These students may go unrewarded at times and even unrecognized as most students are in class and don't even know they are working. To all these diligent souls, the students, the staff, and the administration say "thank you."

The library crew consists of Pam Metzger, Monet Wong, Kristy Husby, Jeff Watkins, Renee Olson and Penny Hoage.

The library is a happy place for Michelle Aubert and Penny Hoage. Mrs. Hillman keeps tabs on the high school office business.

State Forensics Success!

The MHS Forensics team fielded one of the largest teams ever with many of the members being seniors who were strong last year. This year the team participated in twelve tournaments after hosting their own on February 8, 1986. The Menomonie tournament had over thirty schools in attendance and 500 plus students took part.

In Forensics One-Act competition Menomonie did "She Stoops to Conquer" under the direction of Mr. Abraham and Ms. Kitze. The cast performed at sub-dist. and then traveled to River Falls for the District contest where they advanced again. At Rice Lake the play received unanimous acclaim and earned the privilege of going to state. At state the group received "outstanding actor" for Steve Utzig and "outstanding director" for Mr. John Abraham. The cast was recognized for their state status. The play

cast consisted of Loriann Barcus, Marni Braker, Lisa Jalowitz, Joe Muenich, Jeff Nyseth, and Steve Utzig.

Decathlon Digs In!

The Menomonie Decathlon team has made a name for itself after an existence of only one year. The team this year has advanced to State. Team members returning from 1984-85 are Ann Bloodhart, Steve Utzig, and Mike Hickey. New members are Paul Robelia, Kurt Bertelson, Jeff Burgfechtel, Steve Young, John Noye, and Sue Orfield.

At State the team faces a super quiz on the topic of immigration from 1600 to the present. The regional contest was held Jan. 8, 1986 at U.W. Eau Claire. There were six

tests, one speech, one interview, and one essay. Only nine schools were allowed to advance to state. The future of the Decathlon program in Wisconsin looks bright. Menomonie High School wants to make sure they have a part in that future as far as academic excellence is concerned.

Although it is hard work, the Decathlon Team does have its lighter moments, as proven by Ann Bloodhart and Sue Orfield.

"Everything's under control," says team member, John Noye.

Choir's Sweet Song

The MHS Choir is always busy. With singing at two concerts, at state contest and solo ensemble, and at graduation, the choir doesn't have time to be idle. Class time is spent perfecting the songs to be sung for the concerts and also learning to sight read music and to clap rhythms. Those students intending to sing at the solo ensemble must set aside time out of class to practice with Miss Peterson.

Miss Peterson makes choir a fun experience. Choir gives students a chance to be exposed to many different kinds of music from other eras. It also enables upper and lower classmen to meet in a classroom and not just in the hallways.

The best part of choir is that we all get to enjoy performing for friends and family and share the music that we have learned. In this way we have made the world a little better for our having been here in our musical minds.

The M.H.S. Choir shows that a backrub can relax everyone except those at the back of the line.

The M.H.S. Big Band

One highlight for the band this year included going to Madison to play for the state football tournament and the half time show was received well. The pep band has played for all of our home games this year. The organization has been giving three major concerts per year and the membership has been well represented.

Marching has been an important segment of the organization. The M.H.S. Band marched in the Menomonie Fourth of July Parade, our own Homecoming Parade, and the Stout Homecoming Parade. The president this year of

the band organization has been Sue Orfield and treasurer Darren Rust. Secretary has been Sue Samuel and librarian was Desilyn Kieser.

Mr. Borgaro has worked the group to its fullest. The Menomonie Jazz Band is continuing to be well-known in and around west-central Wisconsin.

Tomorrow's Leaders

The Future Business Leaders of America Chapter of Menomonie High School has had an active year. During September we elected officers, recruited new members, and sold candy for fund raising. During October we hosted an induction ceremony and business education open house. Our new members were initiated. Officers installed were: Kim Langland, President, Kim Prochnow, Vice-President, Lisa Stewart, Secretary, Sherri Steinmeyer, Treasurer, and Stephanie Stoudt, Reporter.

Some other activities that the FBLA has been involved with this year included hosting the Bloodmobile and assisting with the school-wide career fair.

Several members of the chapter attended our Region I Conference in Superior. At this conference members had the opportunity to compete in various contests. In the summer of 1985, Lisa Stewart, a member of the Menomonie FBLA, advanced to National Competition in the word pro-

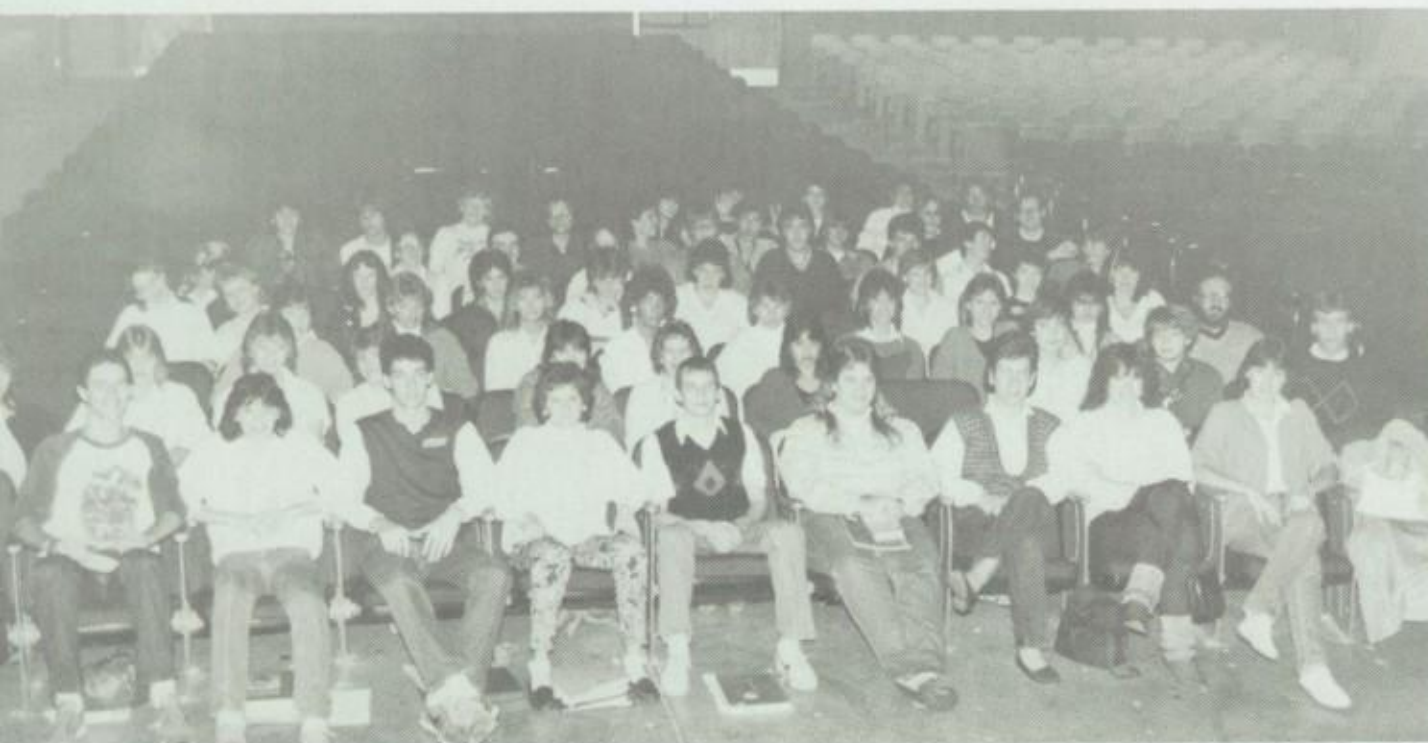

cessing/machine transcription event. Lisa placed ninth in the nation in her contest. Students from 42 states and three foreign countries competed at the national level. This made for a successful year for FBLA here at Menomonie.

DECA Means Business

One of DECA's biggest accomplishments this year was collecting non-perishable food, getting donations from local grocery stores for turkeys and then giving ten less fortunate Menomonie families a great Thanksgiving dinner and making their day a day they wouldn't forget.

Various fundraisers were held this year with the proceeds going towards competitions, leadership labs, field trips and a select group going to state and national competition. With these programs new marketing techniques and skills are learned and benefited.

The 60 plus members and 20 co-op students are all proud of their organization and take pride in what they do.

The officers this year were Steve Sheppard, president; John Chasten, vice-president; Rhonda Prause, secretary; Julie Powell, treasurer; and Brian Velleneuve, parliamentarian/historian.

The DECA organization gathers in one of the few Menomonie facilities large enough to hold them, the auditorium.

Hero Emphasis!

The HERO officers for the 1985-86 are; Holli Hebl, President; Tami Peterson, Vice President; Frances Powell, Secretary; and Lynn Metzger, Treasurer.

The major peer education project is designed to provide nutrition education to MHS athletes. The H.E.R.O. chapter provides the materials and speakers on topics such as weight control, body building, stress, metabolism, and their relationship to nutrition. This project also sponsors drug and awareness activities.

The HERO chapter provides school and community activities to heighten awareness of birth defects, teenage

pregnancy problems, alcohol and drug abuse, family violence, and self concept. The chapter sponsored the annual "Breakfast with Santa" which provides gifts and breakfast to 25 low income children.

The HERO chapter attended regionals March 1st at UW Stout and State competition in Green Bay during April. National competition is in Orlando, Florida during July.

The HERO members always put their best foot forward.

FHA Serves All

This year has been one of service to many parts of the school and community. The organization and its advisor, Mrs. Knutson, have involved themselves in a variety of worthwhile activities. The organization has been led by it's president Lisa Merritt and vice-president Tammy Kistner. Other officers Lisa Strack as secretary and Jodi Hoepner as treasurer. Together they organized the first after-basketball game dance, unofficially labeled the "Deerhunter's Ball." The group worked with the communi-

ty at the blood bank and set up and served the Alumni Tea during Homecoming. They sold candy for fundraising and did well at this and other projects. Keep up the good work F.H.A.

Tutors To The Rescue

The tutors of Menomonee High serve a very important function. They assist those who are having difficulty with a class or classes for whatever reason. Their advisor this year was Mrs. Gabriel, one of the senior high guidance counselors. The students of each area who show their expertise come from the ranks of the National Honor Society. Most of these helpers are junior and seniors but those who need help might be in any grade.

The student who needs help fills out a request for assistance and one of the many qualified experts responds.

MHS prides itself on being able to provide a form of academic assistance. If one needs help, the opportunity is there. With the help of this organization, students new and old can avoid the problem of retaking a course. The tutors remain, a quiet, available, professional group, always ready to make the MHS tomorrow a little better.

Two tutors, Jim Gundlach and Paul Robelia, practice tutoring each other.

Fine Tuning For Radio Club

The third year of the Radio Club was a time of great advancement. Our membership increased to two times what it was last year. Two of our members received employment at a major professional radio station. Also, one of our members from two years ago has also recieved employment in the radio bradcasting field.

The Radio Club uses the studios of WVSS stereo 90.7 FM in the U.W. Stout communications building. We are given 8:00 am - 10:00 pm on Saturday to play a variety of musical selections, requests, and music of our D.J.'s choice. Also,

some of our members can take classes in radio productions, radio management for credit through the University.

The elected officers this year were: Paul Schultz - President, Bill Bailey - Vice President, Mike Fossum - Secretary, and Kurt Kleusendorf - Treasurer.

This scene finds a very relaxed Bill Bailey doing a fine job!

This modest person would never admit it, but to the outsider, Kurt Kluesendorf looks like one cool dude.!

Row 2: Jesse Nutter, Tony Welch, Jason Jimos, Greg Banks, Jim Vaughn, Mike Schuler, Bruce Villeneuve, Joel Woody. Row 3: Aaron Gams, Kurt Kluesendorf, Paul Schultz, Bill Bailey.

Junior VICA members from front: Brain Hagber, Pat Retzloff, Sam Shakleton, Brian Bixby. In the second row are: Nick Howard, advisor Mr. Roethke, Todd Holden, Curt Jacobs, Dale May, Kim Simonson, Troy Schultz, Jerry Tickler, Kevin Knoespe, Ken Donicht and John Sims.

VICA members are from left to right: Matt Worthley, Bruce Zittlemen, Dave Shakleton, Erick Edens, Mike Holz-hewter, Tim Melms, Darby Otto, Tim Shock, Rodney Rhodes, Bob Mattern, Brian Cronk, Dennis Drager, Steve Johnson, Larry Thompson, Tom Slupe, advisor, Jesse Nut-ter, and Brad Sands.

VICA

VICA, which stands for Vocational Industrial Clubs of America, is a very active club at MHS. The club which has two sections, Senior VICA and Junior VICA, offers the students help in establishing realistic goals and promoting high standards in trade, ethics, workmanship, scholarship, and safety.

Leadership and Skill Contests are sponsored at the Regional, State, and National level. Skills contests include such areas as auto mechanics, small engine repair, foundry welding, sheetmetal, drafting, electronics, house wiring, carpentry, graphic arts, and autobody. Leadership con-

tests include prepared speech, extemporaneous, job demonstration, job interview, opening and closing ceremony, and parliamentary procedure. Our students compete very enthusiastically in both the skill and leadership contests.

In the spring an employer appreciation banquet was held. The CO-OP employers were recognized and the club's program-of-work was reviewed. Each year the membership grows and MHS VICA is currently one of the largest and most active in the State!

Officers this year were President, Bruce Zitelman; Vice President, Darby Otto; Secretary, Bob Mattern; Treasurer, Bryan Cronk; Reporter, Tim Shock; and Parliamentarian, Dave Shackleton.

Fantastic Future Farmers

The FFA organization finds students in grades 9-12 studying agriculture, developing leadership, and showing what it is to cooperate and be a good citizen. The officers are Dennis Draeger, president; Jeff Keyes, vice-president; Jeff Danovsky, reporter; Tim Skillings, parliamentarian; Jeff Hoff, chaplain; Jeff White, treasurer; and Randy Stokke, sentinel.

In addition, the students operate several committees. Jeff Hoff is chairman of supervised farming and oversees the ten acres plot in River Heights. Randy Stokke is chairman of the cooperation committee which built this year's Homecoming Float. Chuck Mensing heads up community

service and Dennis Draeger is leadership chairman. Jeff White applies his financial knowledge and works with the fruit sale, Jeff Keyes heads up recreation, Jeff Danovsky is public relations and Tim Skillings works with the state and national activities committee. Without the work of Mr. Abbot and all these chairpersons, the FFA organization would never be the success we all know it is.

The Future Farmers' Menomonie Chapter makes up our largest organization.

Future Farmers are proud of their sign in our hall.

The officers for Future Farmers this year are from front left: Jeff White, Randy Stokke, Mr. Abbot, advisor, Tim Skillings, Chuck Mensing, Jeff Keyes, and Dennis Draeger.

"One More Night"

The junior class of 85, headed up by Paula Frank, worked hard all second semester to get ready for the Prom. Materials were ordered to transform the M.H.S. gym into something more formal. The ceiling was lowered, the shining runways were placed, the fountains were filled, and invitations sent to make this Prom have its own special feel.

On the appointed evening all was in readiness. The band from Madison, *The Tones*, arrived early and set up to practice the theme song. The couples began arriving after eight o'clock for pictures and socializing. Many of the community representatives showed up in anticipation of the Grand March and the crowning of Prom Royalty.

Announcing the couples during the Grand March was Ms. Julie Hile, our M.H.S. English teacher. The ladies entered the darkened auditorium on one shining path as the gents entered by another, and the two converged before the bridge for their formal stroll and official introduction. Some ninety plus couples were presented in this manner.

When it came to the Prom Royalty, the couples were placed on the decorated risers in one corner. Everyone waited for the announcement which finally came telling all the well-kept secret that Tara Buss and Jeff Danovsky would reign as Royalty for the evening. As this proud couple danced to "One More Night" they were joined by the remaining Royalty and the rest of the couples respectively. All enjoyed dancing slowly making the evening last before dashing off to their special restaurant for a late night meal. Even the teachers enjoyed the band's faster moods but by eleven-thirty all were gone and "One More Night" was over for the Prom of eighty-five.

As the music picks up, so do the couples. Everyone waits for the music to begin. The couples dance the night away.

"One More Night"

One more night, one more night.
I've been trying for so long
To let you know,
Let you know how I feel.
And if I stumble, if I fall, Please help
me back
So I can make you see.

I've been waiting for so long
Wasting time,
Just staring at the phone.
And I was wondering
Should I call you.
And then I thought,
Maybe you're not alone.

Like a river to the sea,
I will always be with you.
And if you sail away,
I will follow you.

I know there will never be a time,
You will ever feel the same
And I know it's only right.
But if you change your mind,
You'll know that I'll be here.
And maybe we both can learn.

Please give me one more night.
Give me one more night,
One more night,
'cause I can't wait forever.
Give me one more night
Just one more night.
Oh, one more night,
'cause I can't wait forever.

Financial Aid For Parents

Each year with the cost of living increasing, it gets harder for parents to "afford their children." As the child becomes a teenager, the costs to the parents increases significantly. Along with food and clothing expense comes movies, records, hunting and sports equipment and even the cost of certain courses at Menomonie High School. By the time the child is sixteen the parents are nearly pleading with them to get a job.

As a result, many M.H.S. students secure a job on their own. Some of the typical duties include mopping, sweeping, preparing food, helping customers, washing dishes, and wrapping food to name only a few. Although students consider some aspects of their job filthy and boring, like taking gum off the bottom of tables, they do try and see the job for its positive aspects like making friends and getting paid. As one student put it, "working is a fun experience and it helps you be more responsible while allowing you spending money for the weekend."

Spirit Week '85

Skits. Floats. Assemblies. Competition. Parade. Homecoming Queen. Spirit Week was on! As we walk down the hallways, we'd see people in strange clothing. One day it will be a lazy day, the next, camouflage or bright orange hunting clothes. If we're lucky, we might catch a few people in togas. On another day, it would be an Hawaiian shirt. On Friday, everyone is dressed up or wearing maroon.

On this day, the Queen is crowned during the assembly, the winning skits are reenacted, and the winner of the class competitions is announced. After that, the parade winds its way through Menomonie. Now one can really see some creativity. Finally, it is time for the Homecoming football game. This is what this week has been all about. Now, all the team has to do is win. Go Indians!

The Indians go on to defeat the River Falls Wildcats with a score of 14 to 0 making this a memorable Homecoming. The victory was just as Coach Hatfield had predicted. The Spirit of the week has moved onto the football field and demonstrated that when students of M.H.S. get behind a project, they carry it through to completion!

Homecoming '85

Friday, September 27, was the day Menomonie High School had been waiting for. The top ten candidates plus the whole Senior High were anxiously waiting to find out who would be queen. Finally, Cheryl Oas gave up her crown, and Brady Pierce and Mark Dahms crowned Holli Hebl the 1985 Homecoming Queen. The students, teachers, and alumni showed their support by giving her a standing ovation.

At 3:45 p.m. it was time for the Homecoming Parade. The classes turned out some of the best floats ever made, as did the M.H.S. clubs. The streets of the parade route were lined with crowds of cheering fans.

"Send the Wildcats Roman" was the theme for the week, and that's exactly what the 1985 varsity football team did. The football game against the River Falls Wildcats began at 7:30 p.m. with both the Wildcats and Indians undefeated. It was a tight, fast-moving game until the fourth quarter. The Indians took control of the ball, and finally got some points on the scoreboard. After another TD, it didn't leave time for the stunned Wildcats to do anything. The final score was 14-0, with the Indians winning. What a way to end!

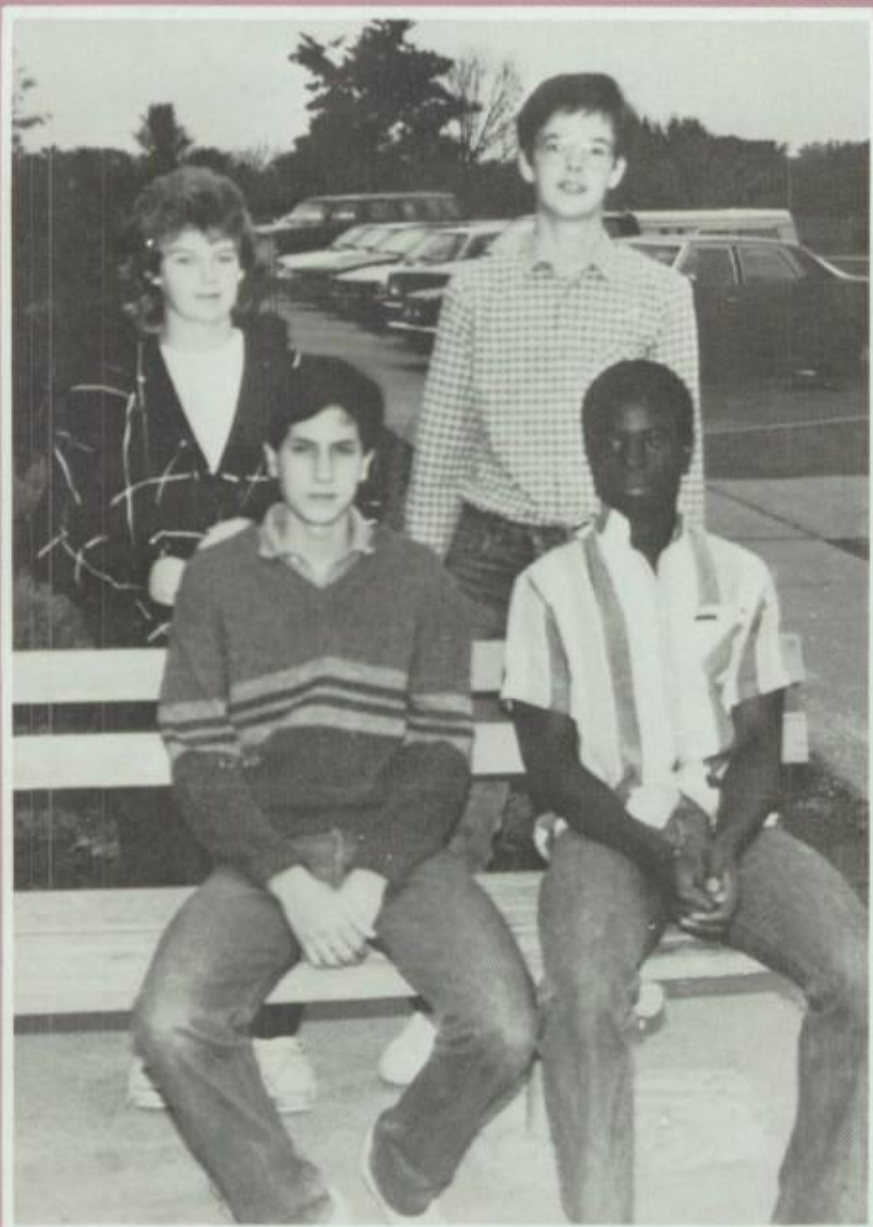

Homecoming 1985 came to an end with Saturday evening and the dance. "Primrose" was the band providing the music, and everyone enjoyed themselves. The 1986 graduating seniors will always remember this Homecoming, and the other classes can look forward to next year.

New Life At M.H.S.

This year Menomonie High School has three visitors that are from other places in the world. Asa Bejenbrink is here from Sweden, Clare Stanley from South Africa, and Stefan Kania from Germany.

Clare Stanley says there are few differences between South Africa and the U.S. Her hobbies include tennis, field hockey, and playing the flute. Clare has travelled to Austria and England. In the U.S. she has been to Colorado, California, Michigan, and Wisconsin. Clare would like to become a medical doctor.

From Germany, Stefan Kania tells us that the cultural differences between his country and ours shows that we in the U.S. are not very formal. In Germany, the teachers are called by their last name as are the students. Only best friends are called by first names. Sweet corn is a new food he has tried. His career goal is to work with history and foreign languages.

Asa Bjernbrink from Sweden is living with Fred and Ellen Ochs. She has attended Kingschool in Sweden and likes music of all types. She notices that in Sweden drivers must be 18 but here 16. Tacos and jelly are new to her and she looks forward to her year here. After she graduates, she would like to be an interior decorator.

Christi Ocholi and Sam Ebute have been an active part of Menomonie High School for some time now. Chris Racine and Anne Nooney have returned from their travels abroad last year and Mark Wilson has gone to Germany for this school year. Menomonie is proud of the international status it has attained and hope that all students involved have an enjoyable experience.

"Oliver"

As everyone knows, the MHS 1985 spring musical "Oliver" was a great show. Some people have heard about how much work went into it, but don't know how much fun we all got out of the experience. It all started with the announcement of what the play was going to be, after Ms. Hile started her vigorous campaign to get everyone to try out. She wanted not only the Drama Club members, but people who had never even been in theater before. In this, she was shown to be successful by the different kinds of people who came to audition.

After all tried out, they waited and worried, while Ms. Hile decided on who was right for which part. Every hour between classes, students would walk by Ms. Hile's door to see if she had posted the cast list.

After the parts were cast, everyone got down to work.

The cast said, "We learned a lot from Ms. Hile; she coached us, directed us, helped us as much as she could, and was there as a friend, but as she was fond of saying, 'it was our show and in the end its success or failure was in our hands'."

We also benefitted from Bob Kampa who was the artist in residence. He was a main character in the play itself, so we were able to work closely with him on stage and learn much from him.

In between the repetition of the music and the lines, the cast and crew had lots of fun getting to know people. All became closer friends and pulled together as a team.

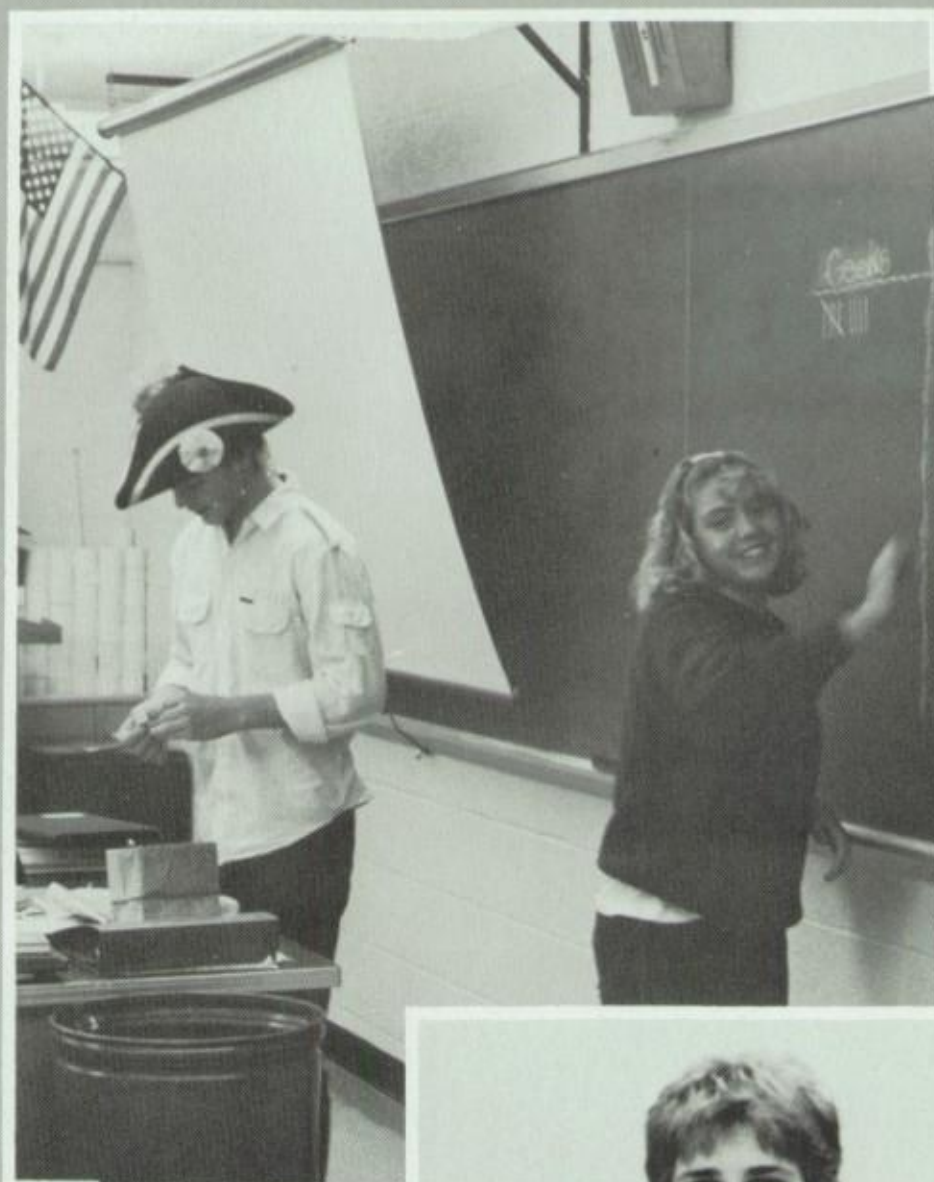

The play "Oliver," our big dramatic moment was too soon over. The audiences received the show well and this time on stage has proved to some, that their acting careers have only just begun.

A Science Tradition

Let me introduce to you a man who has been teaching for thirty-five years with thirty years at our school. This is Mr. Dierauer. Science is the department in which he teaches. There have been many changes in this department since he started teaching. One of the changes is the computer. Today you can buy tiny and home computers at reasonable prices. Early computers were expensive and a whole room of them were needed to store information.

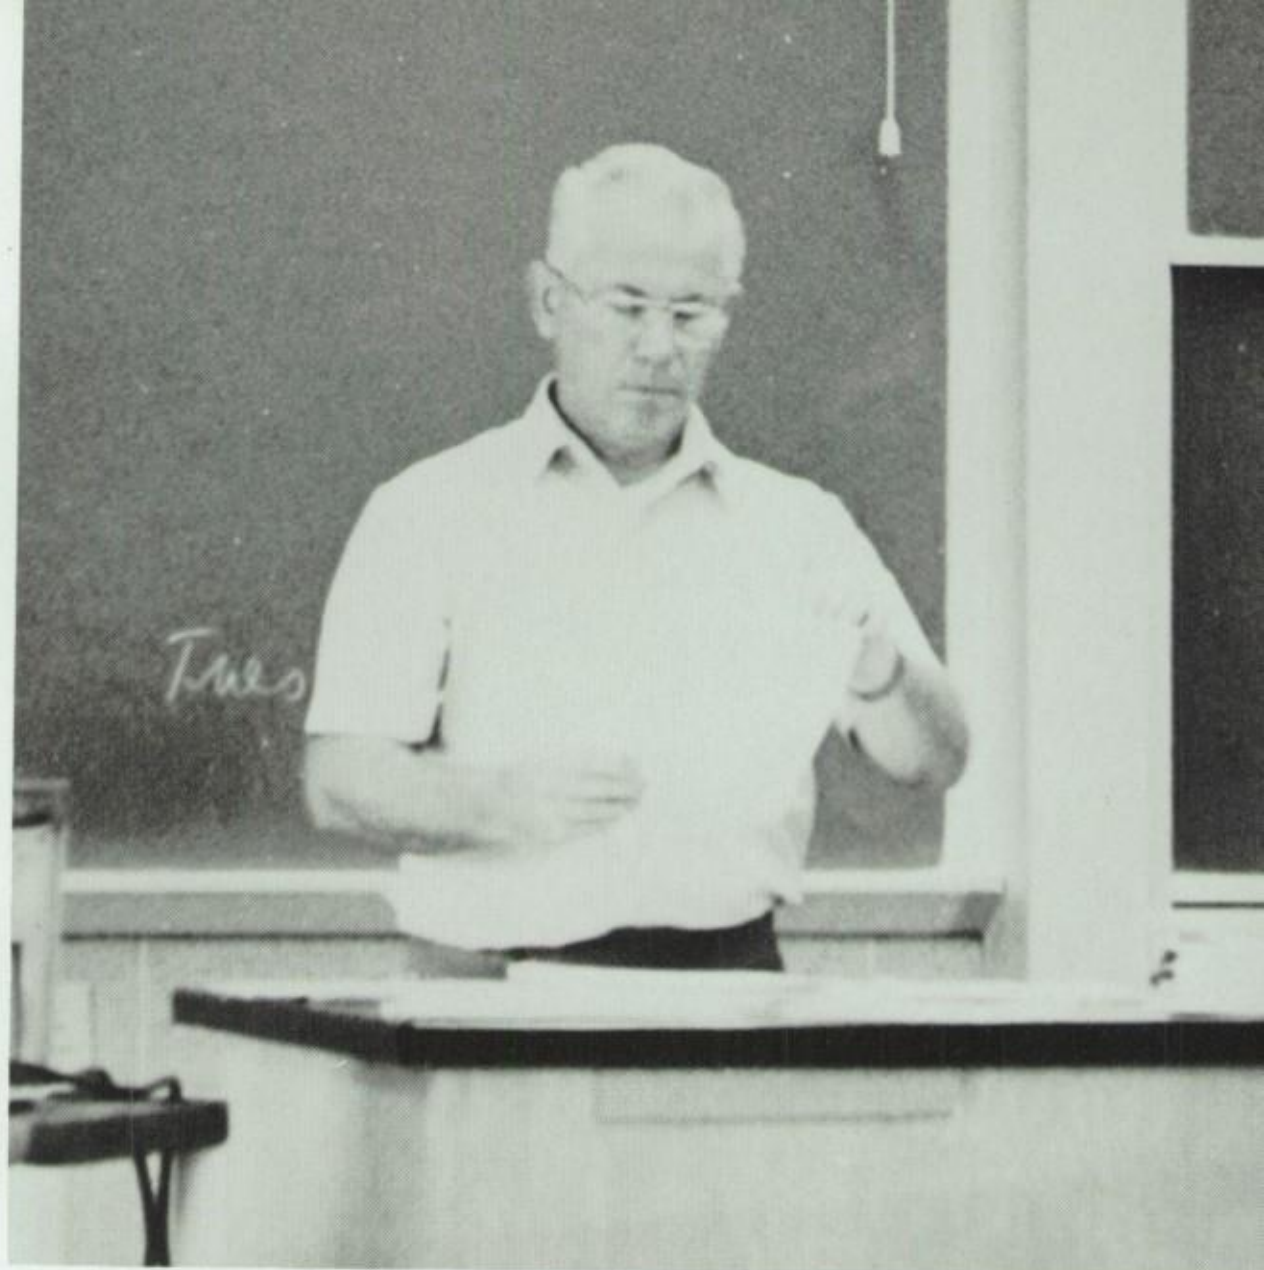

What Mr. Dierauer enjoys most about teaching is watching students achieve success. He advises people to be serious about what they do and to set goals so they may obtain success.

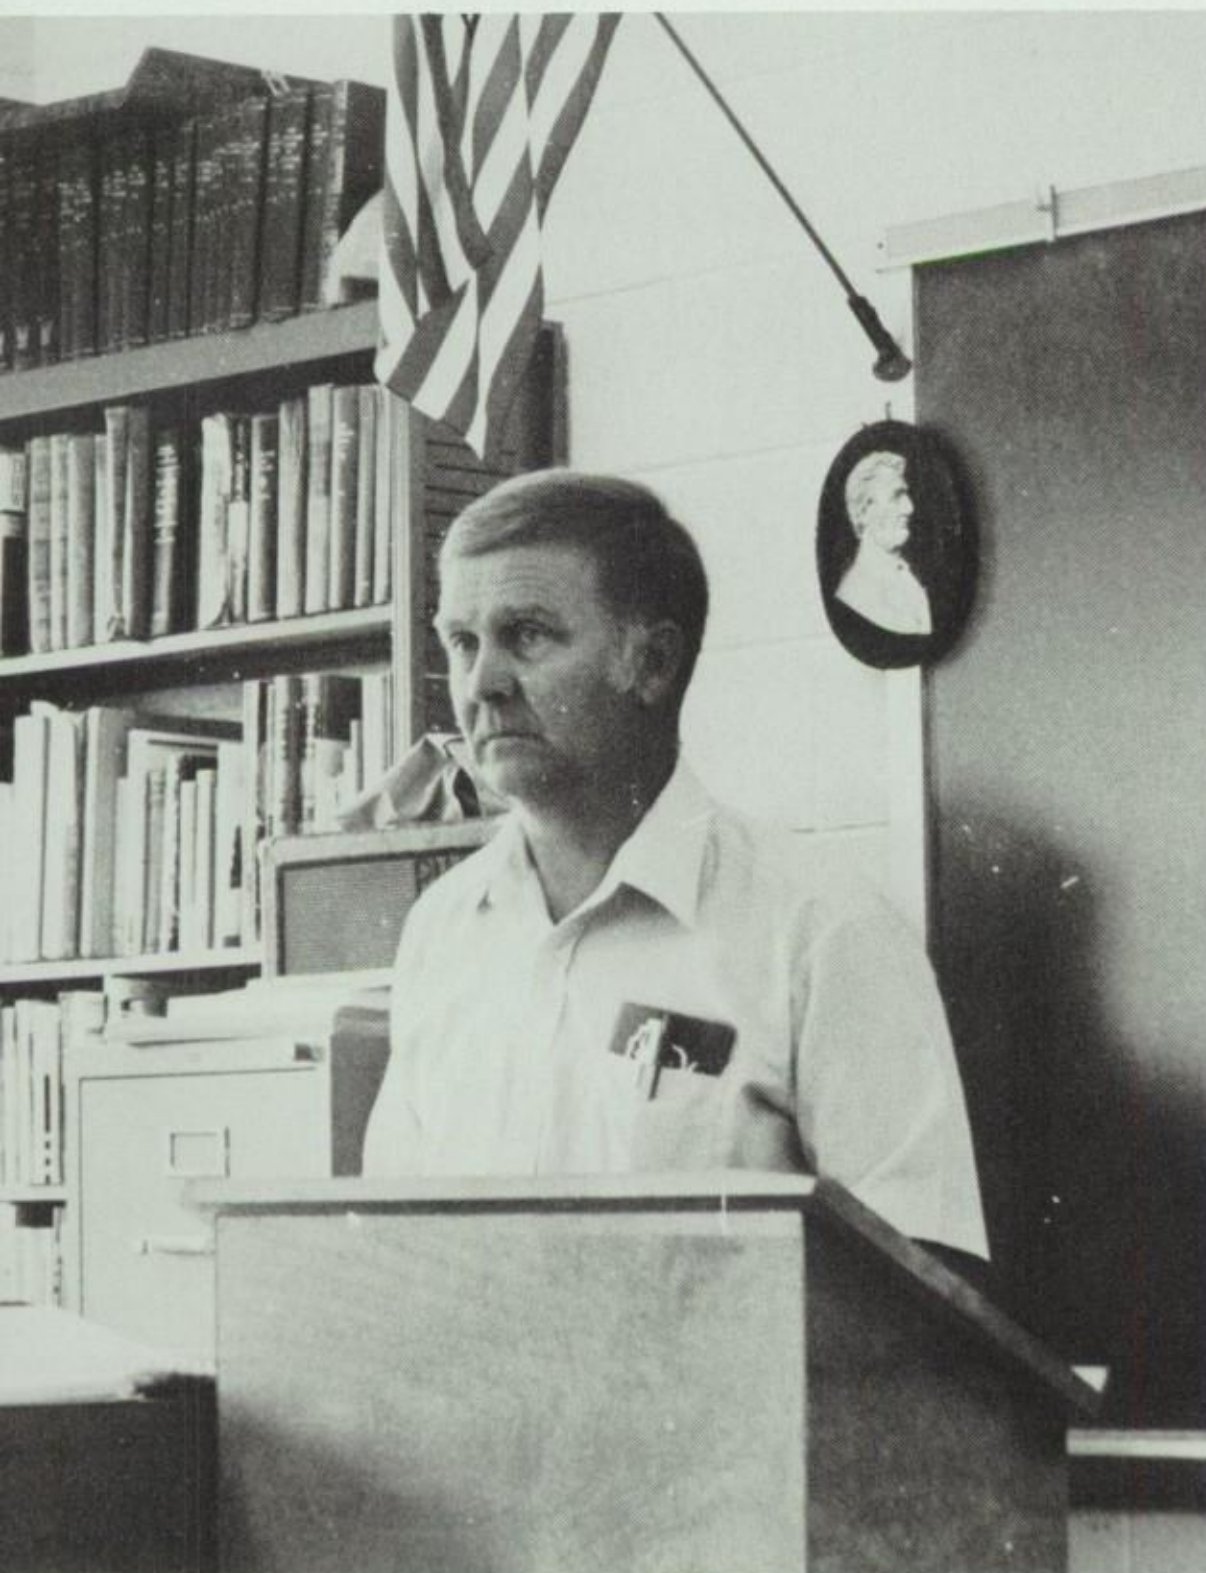

Mr. Dierauer plans to retire at the end of this school year. His plans include fishing, traveling, and possible substituting for this school.

The school thanks you for all you've given. Good luck in your retirement from all of us on the yearbook staff.

Social Studies Moves On Up

The social studies department made a significant change in the world by moving to the second floor this year. According to Mr. Poulter the air is thinner but he does like the view. During the first weeks of school the heat was intense and the social studies department regretted their move but now the teachers have settled in and take advantage of the close library and the A.V. center.

Another change this year was made with the addition of Mr. Frerichs. He is originally from Menomonie but has been teaching in Blaine, Minnesota. His favorite aspect of the social studies is World History which he likes to study while climbing, canoeing, or kayaking. He attended M.H.S. and has the interests of its students now to consider. To this new member of the social studies department we say to Mr. Frerichs "Welcome Home."

"To Be Or Not To Be . . ."

Many students at M.H.S. have always questioned why English courses had to be included in the curriculum at all. Remarks like "Shakespeare who?" and "I haven't needed a pen all day!" are not unusual in the English class.

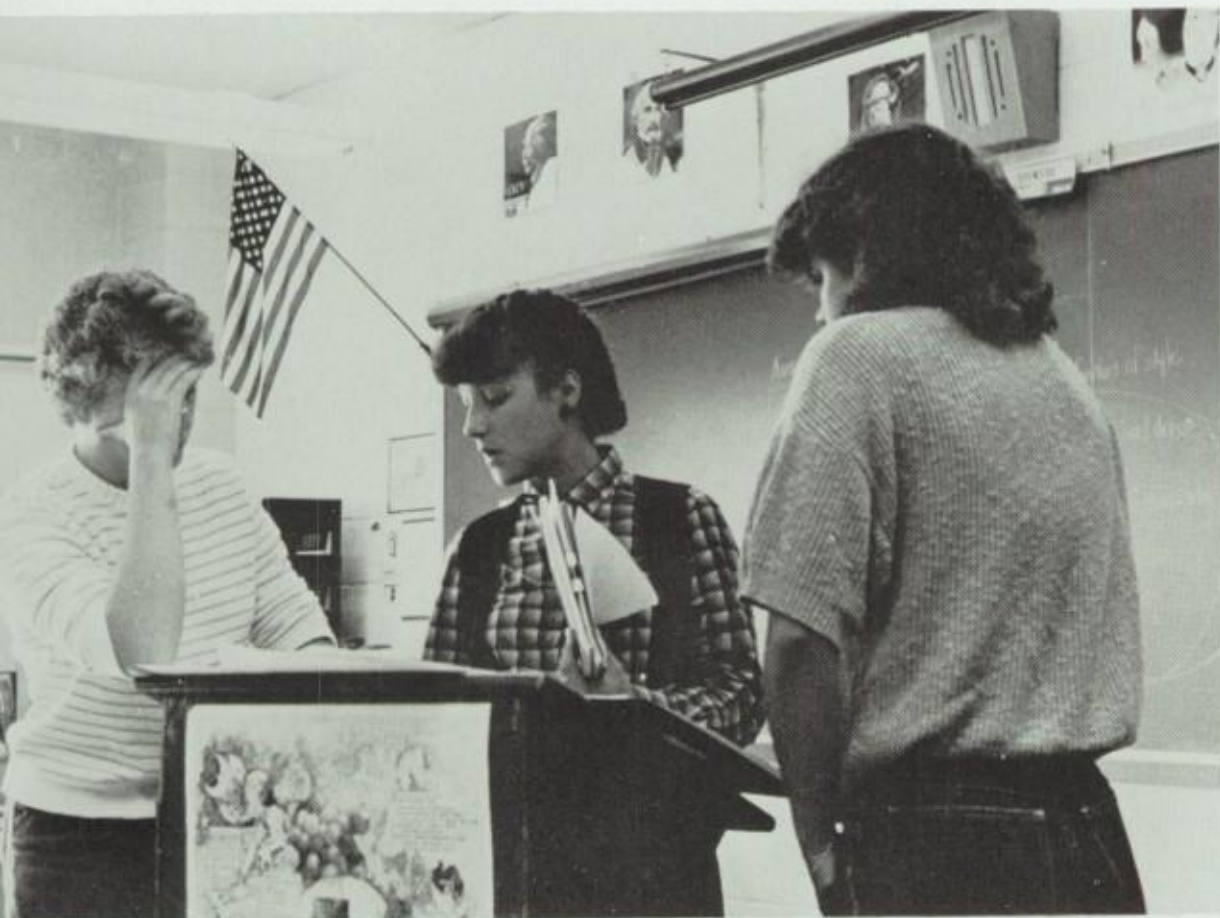

The English Department has prided itself on its lofty perch on the second floor. The rooms are always quiet and comfortable no matter what the season, if you can hear over the roar of the fans or the lawn mower outside. Students have been forced to take part in "Writing Across the Curriculum" so this year's seniors have a permanent "writer's cramp" as a result.

There are those lucky students who love to write, love literature, and love all there is about this all-encompassing field of study. There are the ones who have really read the books on the suggested reading list and are able to fill out their own college applications. M.H.S. is fortunate to have most of the students in this last category. The M.H.S. graduates have done well in English programs at universities all over the U.S. The English department is proud of its product, interested in the subject and welcoming all to secure a comfortable command of English no matter what heights they aspire "to be or not to be."

Mathematical Moves!

The math department welcomes Mr. Richard Moen to the teaching staff. Rick is teaching classes in Algebra I, Algebra II, and Geometry. The M.H.S. student body is doing their best to make Mr. Moen feel at home.

A new course is being offered this year in the Math department. The Applied Math course is designed for students completing the Basic Math Skills course and selected students who are completing the Basic Algebra I course.

The Math department faculty are spending many hours in revising and updating the curriculum for all current math courses. The Menomonie graduates have done well in Mathematics related careers. "Sheer numbers alone do not make a math course," has always been the password in that department.

For this 1985-86 school year all the math classes have been moved from the ivory tower of the second floor to the luxurious accommodations downstairs. Second floor's loss is first's gain. Math, a place to bel

The Physical Challenge

The goal of the Physical Education Department is to help people live life to the fullest through lifestyles directed toward health, wellness and fitness maintenance. This department believes that physical fitness is no longer a fad, but that it is an important and lasting part of our American lifestyle.

The major emphasis of the program is on the appreciation and development of lifetime physical activity. This is exemplified by the high interest shown in physical education classes. Even as this year's juniors no longer found it a requirement, the enrollments climbed. Classes like Individual Sports offer an excellent example of physical activities popular, not only in Menomonie, but all over the world. The Northern sport of curling may be incorporated into the program soon.

September Success

The secondary TMR area of special education work and study in the special vocational center. The basic goal is preparing mentally handicapped students for a job in the community. This year there are six high school aged students, none of which will graduate with the class of 1986. The students enrolled are: Sandy Jordon, Terry Jordan, Mike Thibado, Lori Barney, Vicki Canfield, and Jeanne Hampton.

There are five vocational areas studied to prepare students. Functional academics include: accounting, time concepts, and money counting. Another area of study is the community, where appropriate behavioral skills are learned. Family living, grooming, food, and laundry, social skills safety are learned.

Having learned all these skills, Mike Thibado has gotten a job working as a janitor at Potter's country Home. Mike started this job September 16. Mike works for wages one-half time and continues in school the remainder of the day. With this kind of program soon all the special students will be out in our community lending a hand.

Art class has its surprising moments for Sue Abledinger.

The Arts Are Basic Too!

The last year has brought about many changes to classes referred to as the arts as in the art department, the concert band and jazz ensemble, vocal music class, and our Spanish classes.

With the changes, one major philosophy has been stressed. Nationally, the catchword is the "Back to Basics" movement. That is a renewed emphasis on reading, writing, and arithmetic stressed throughout the curriculum. The teachers in the arts feel through the arts, the basics can also be taught, as well as a deeper feeling for life around us.

For example relating to the teaching of music, "Music is a science: it must be exact and specific. It demands exact acoustics. Music is mathematical: it is rhythmically based on the subdivision of time in space into fractions which must be done instantly. Music is a foreign language: Most of the terms are in Italian, German, or French and the notes are a highly developed form of shorthand. Music is history: since music has always reflected the environment and the times of its creation. Music is physical education: It requires the fantastic coordination of fingers, hands, arms, lips and facial muscles which must respond instantly to the sounds the ear hears and the mind interprets. Music is all of these, but most of all music is art."

In art we use many tools and techniques to accomplish an awareness of ourselves. Through art we equip students to develop tools of self-competence, the ability to structure true, and the ability to understand the forces within ourselves. This ability to use these tools, the self-discipline, the search for quality, and the ability to know what others are accomplishing is what we call creativity. As Eric Fromm stated in "The Creative Attitude", "Creativity is the ability to see, be aware, and to respond."

The arts are important. The arts are necessary. The arts are basic to a well-rounded education. The arts and the socialization of high school students in the arts should be the top priority of each society. Every society that has been remembered throughout history has been remembered for its arts. Menomoneie will be remembered no differently.

The potter's wheel transforms a blob of clay into a piece of art for Debbie Gylund.

The sopranos practice the school song.

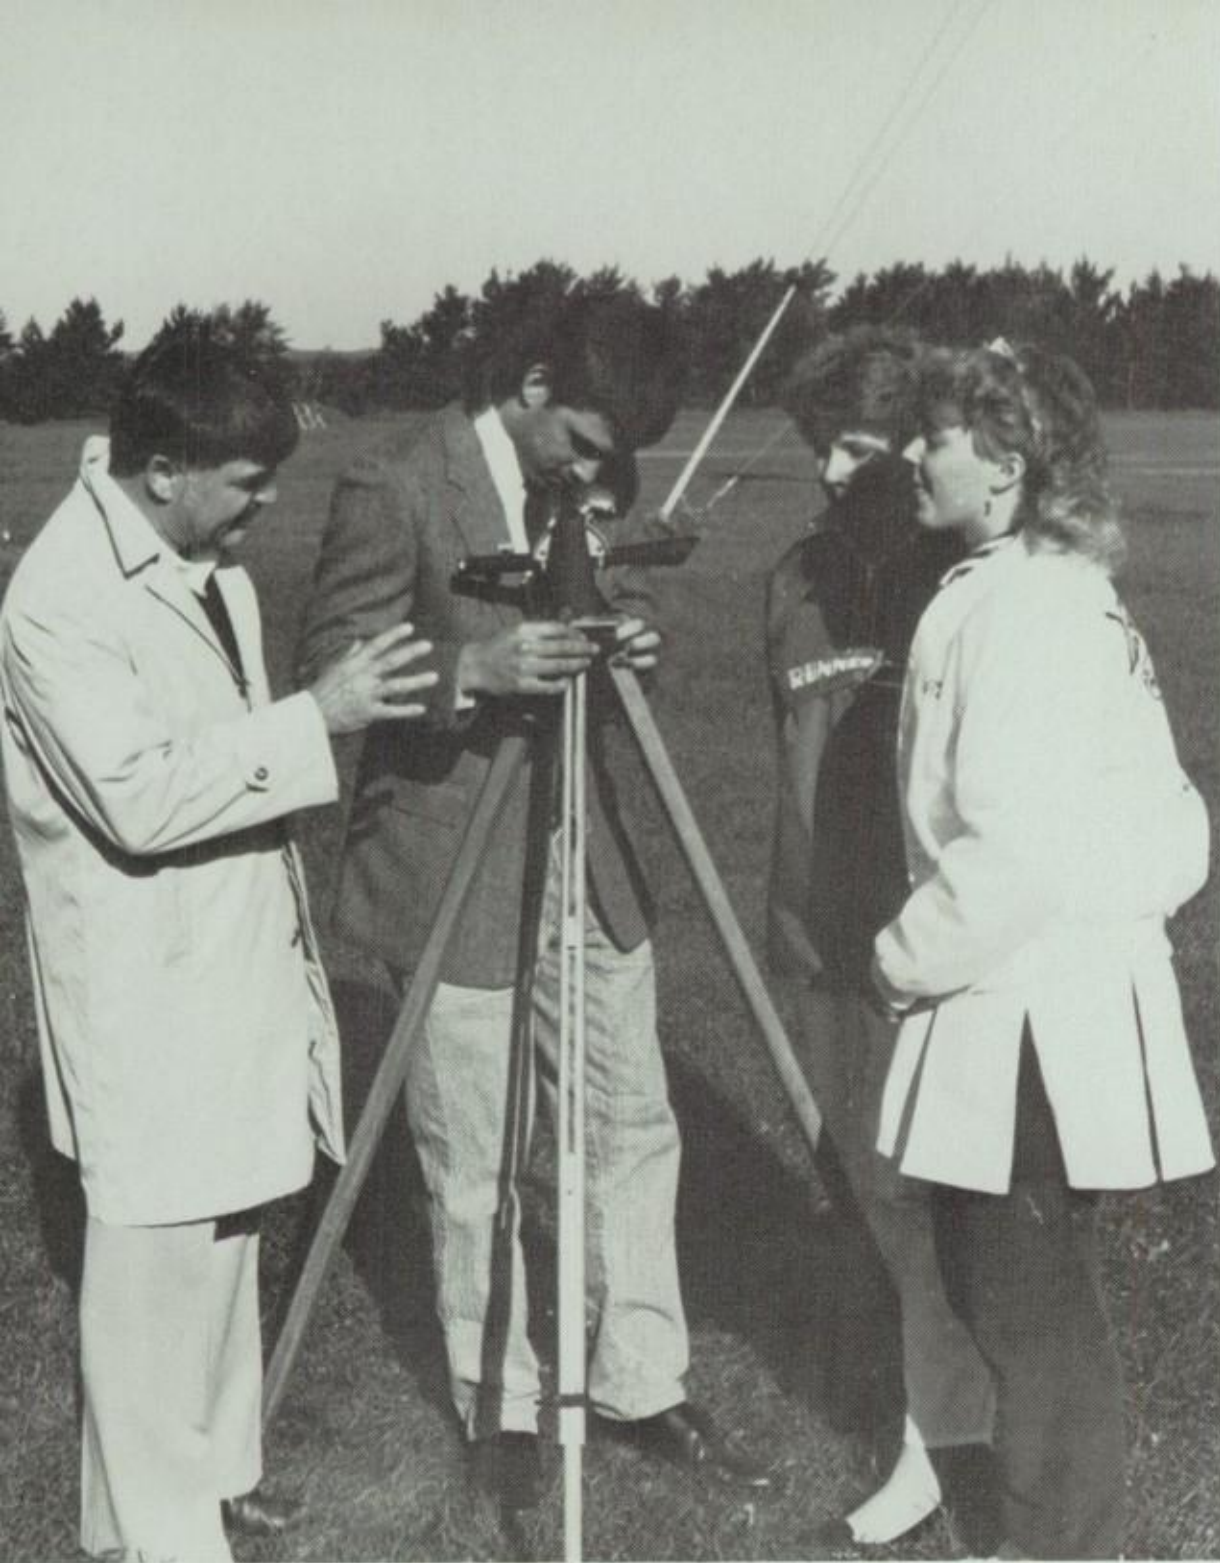

Typing class is a mixture of "young" and "old" students.

In Engineering class, Mr. Traxler teaches Jay Robertson and Darrel Weier how to use the transit.

Cleaning up after an hour of cooking in Foods I are Sherri Bennett and Tracey Schlemm.

Vocational Choices

At Menomonie High School students have several choices to make in the areas of Vocational Education.

In Business Education more than thirty students attended the FBLA regional conference in Superior and five advanced to state competition. Debbie Gifford placed second in the state in the job description manual contest and Lisa Stewart placed first in the word processing/machine transcription contest. Lisa advanced to the national competition which was held in Houston, Texas and placed ninth in the entire nation.

The Agriculture endeavors at M.H.S. included the FFA, which has students working to develop leadership, cooperation, and citizenship. Mr. Abbott is back in full power after having surgery last year and being gone for part of the year. Welcome back Mr. Abbott.

The Marketing areas finds Mr. Marotz busy turning the M.H.S. graduates into successful business persons. The model store has operated successfully, so between building floats, selling candy, and studying the stock exchange, the Marketing program is alive and well.

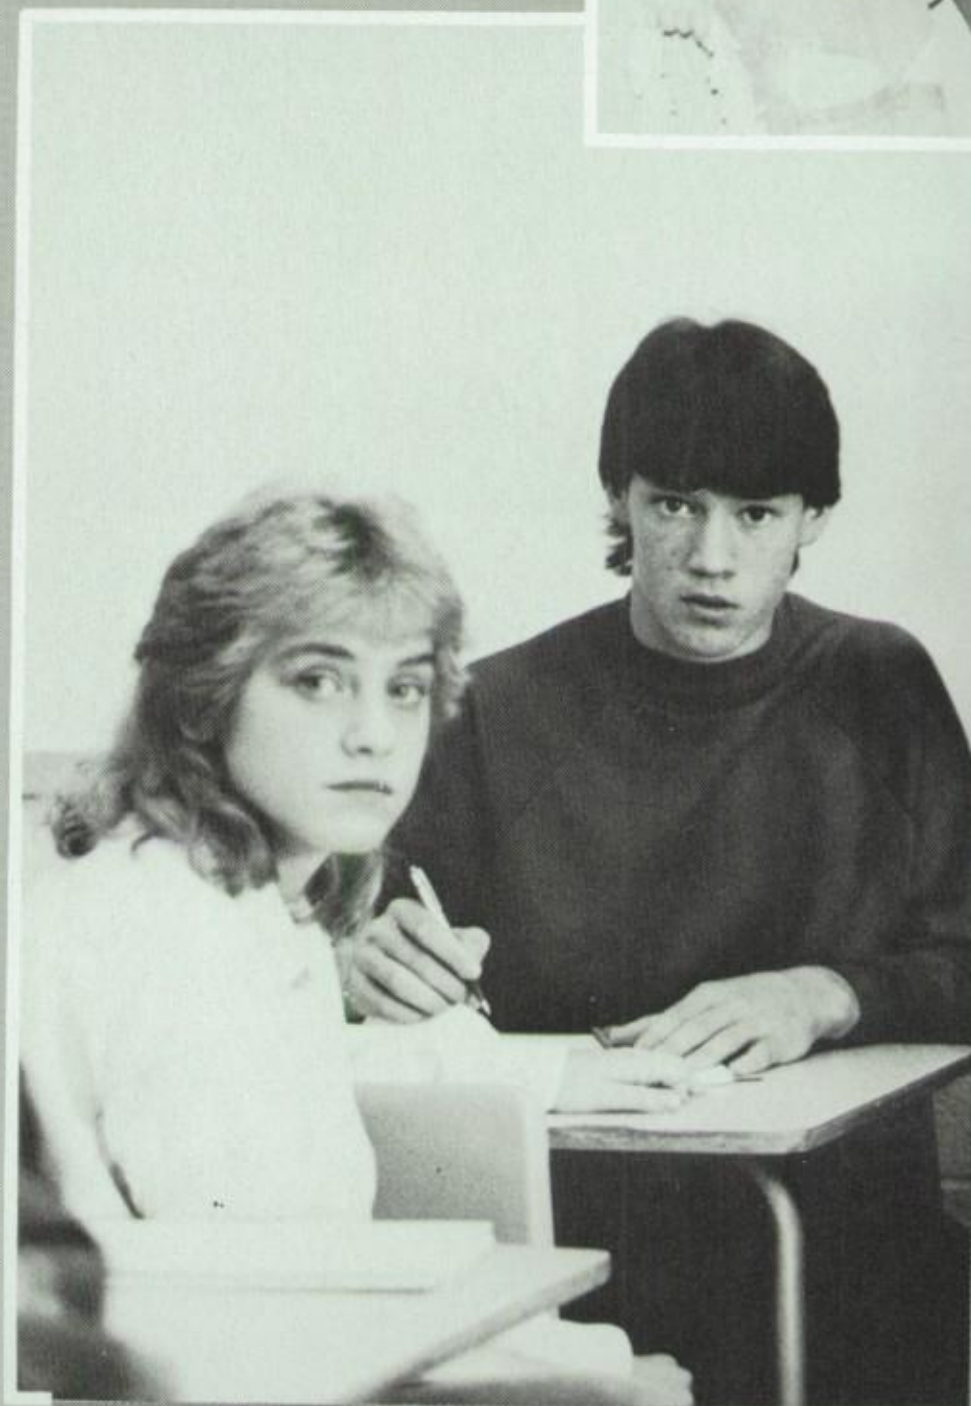

Home Economics involves the study of family and work in the family. The image of "Becky Home Ecky" is quickly being replaced by young men and women who are interested in actively planning their futures through goal setting, career planning, skills development, and the development of critical thinking skills. The enrollment in home economics continues to grow as students recognize the importance of preparing for their roles in present and future families.

Everything has to be just right for Mr. Traxler, Jay Robertson, Heather Braker, and Kelly Kuester to survey the land.

Four tech students, Brian Weber, Jodi Wang, Leroy Thibado, and Kevin Smeltzer, prepare their strategy for the day.

Time Is Short!

The days go quicker
 The nights last longer
 The work is easier.
 The future before us
 as bright as a beacon.
 The past behind us,
 That dimly remembered time
 makes us what we are,
 Juniors.
 That is us.
 We are almost done
 with school.
 One more year almost done.
 But,
 for now we'll be us,
 loving, fun,
 juniors.

"A Time To Grow . . ."

Maturity comes to juniors about half way through grade eleven. No more will classmates tolerate the juvenile behavior which before seemed to come naturally. One reason for this is that there is much to prepare for. Kari Jacobs says, "juniors either have a job or are looking for one!" The maturity helps people get jobs or the jobs make the students grow up. In some cases both are true.

Joining the ranks of established activities is what Troy Hein thinks juniors do. The students in this year demonstrate that now they are all part of the same great effort to get through school and put Menomonie on the map. As Tim Bechard says, "it's hard work but it's worth it." Keep up the good work juniors.

Juniors, Ann Larson and Michelle Wayne, brave the cold to watch the Indians win.

Close To The Top!

The junior year isn't the best but it is close to it. Your thoughts float back and forth looking ahead at your senior year or post high school. But sometimes you look back at junior high or maybe elementary school when you remember all the friends you had, and all the struggles you went through to get to Senior High. Instead of looking ahead or back you should be concerned with today, not tomorrow or yesterday, just today.

Friends help get through the hectic days, as proven by Doug Borgaro, and Erik Maki.

We Are Best When . . .

The grade numbered ten is unique. What other grade lets you get your class ring and plan for graduation all in the same year? As Kris Wegman, a sophomore wrote:

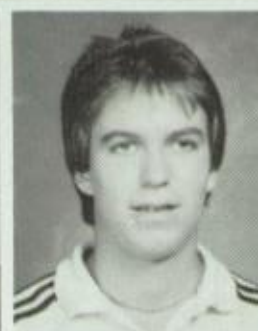

We're older, now,
I guess we've grown
We stand together
instead of alone.
We've made it through
Our growing pains,
We've suffered our losses,
and cherished our gains.

The year found fewer cliques as the class became united on many issues. Nearly everyone became used to their locker. A concern for grades is still real but with a united effort all will go well and by next year the sophomores of this year will advance up the ladder of M.H.S.

Sophomore class officers: Elizabeth Hoyt, president, Colleen Hemauer, vice president, Jonda Langford, secretary, and Kari Pickerign, treasurer.

The Way We Were . . .

Sophomores have much on their minds this year. Getting a drivers' license is one accomplishment that has never happened before to most. Walking will never quite be the same again in Menomonie. Most sophomores are taller than when they were freshmen so the whole concept of growing into adults is more realistic. Some sophomore boys mentioned that for some unexplainable reason, the girls in their class seem more interesting to look at.

Just not being a freshmen anymore is one big relief. Finally, they feel they are taken more seriously even though at times they are reminded, that they are only beginners. When the Varsity football team pounds on you one sophomore said, "you know you are still an underclassman." This second year at M.H.S. brings respect and shows that life changes for the better.

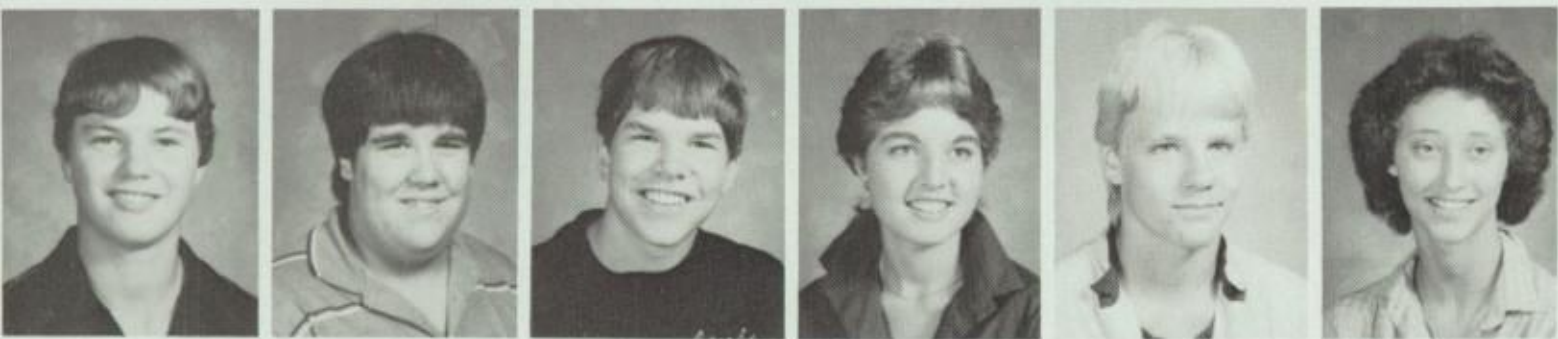

Looking cool, Andy Shepard is ready for Spirit Week.

The Times Are Changing

Big changes abound when one is a sophomore. This will be the last year of physical education for some. They know that some will be free to let their bodies diminish while others will go and sign up for more P.E. classes and enroll in sports to stay fit. Some mention that just getting even for the way they were treated as freshmen will keep them in shape.

Many sophomores feel they are taken more seriously by their teachers now. Even upperclass members seem to accept sophomores as real friends. Secretly, now that the tables are turned, the sophomores enjoy the idea of picking on freshmen.

Anxious for the game to begin, Angie Christianson and Angie Amundson pose for a quick picture.

Class Of Eighty-Nine

To my classmates of eighty-nine
 It's about the time
 We're not going to be freshmen anymore.
 The time we walk out the door,
 We're going to be sophomores.
 I hope you enjoyed your freshman year,
 Our sophomore year is going to be more exciting
 Our time will come when we too will graduate.
 God bless the class of eighty-nine

We Were Here!

There are special opportunities that a person has as a freshman. They have the power, as senior high students, to rule those in the junior high. Any person younger must look up to a ninth grader who has the courage to walk into the senior high. The problem comes with the way the sophomores, juniors and seniors down on the ninth grade. Somehow the treatment by the upperclassmen doesn't seem quite just. According to one freshman "they push you around like you weren't even there." Even at lunch the freshman wish their dinner partners were sophomores, and not a mixture of juniors and seniors. Perhaps some day the life of a freshman will be easier.

The freshmen show they have talent to compete with best of the senior high.

Freshman Fun!

"Being a freshman is fun. They say that the freshman year, is the rotten year in school, but I don't think that is so." The preceding words show that all are not lost in a world of hopelessness in grade nine. Another freshman says "we're finally in high school and that is like a dream come true!" This shows the plus side of a freshman's existence. Other assets of this idyllic life are pep assemblies, more class activities, more people and naturally more friends. A final student says, "I really enjoy being a freshmen and hope to have more fun this year."

The Life Of A Freshman

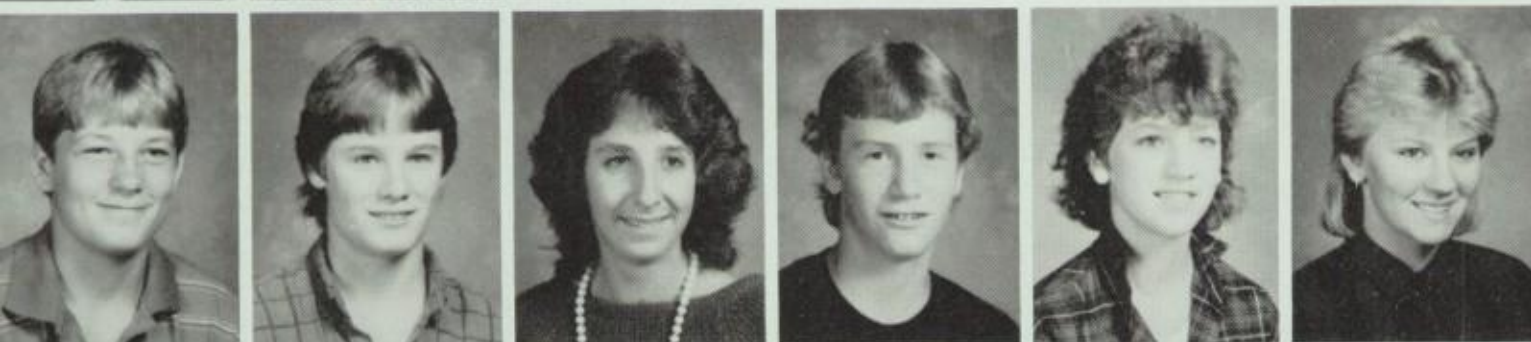

We have a new class of freshmen this year, and quite an exciting class they are! Yet like every other newly "freshmanized" class, lockers are their first complaint. "Too small!" claim some. "Too dull," say others. It's also common to find a five-foot person trying to reach a six-foot cubby hole. They'll soon learn, that as the year goes by, the lockers will be miraculously bigger as they somehow "grow" used to them. We're sorry freshmen are short but somehow everyone knows one summer of growth can work wonders on most any "freshman."

Hawaiian day lets the freshmen be right in style.

Coach Hatfield

In the 85-86 school year, few will forget the trip to state taken by the varsity football team. The man behind the squad, Coach Hatfield, is a man who deserves some attention. Research discovered that this man doesn't believe in long speeches but does believe in speedball at ten below.

The students say Mr. Hatfield is young at heart. He has the spirit of a teenager and all students look up to him. His speeches at pep assemblies have been delivered well and the encouragement he has given his team has been obvious. Even though he had his hair cut after state, we know he'll continue to speak up for what he believes in and occasionally try to make people jump into 78° water. Could this man be any other than Mr. Hatfield?

After much discussion and a few dares, Mr. Hatfield demonstrates his version of Indian pride after a trip to the barber shop.

Hawaiian day at M.H.S. allowed Ms. Bjork to pretend it was vacation time again.

All Hail Ms. Hile!

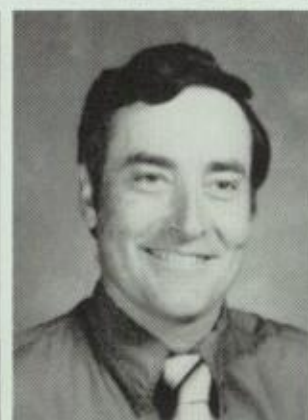

Ms. Julie Hile has been the fiery occupant of room 237 for the last two years so this year the yearbook staff decided to study her in more detail. First, we found she was hard to get to see as she moved so quickly from one place to another. Second, we found her to be a dynamite director of drama. Her "You're a Good Man Charlie Brown," was this year's musical.

Students say she is a tough teacher who makes you think. She is fun, loves to write, has no t.v. and this year is giving away free puppies. What a giving person she must be! We also found she went to Breadloaf's School of Writers last summer and now she has had an article published and written a grant. Now when does this cheery lady find time to teach?

The paperwork load gets heavier on Ms. Hile's mind as the semester breezes by amidst plays and symposiums.

Ole Senora Smith

When one attempts to find color around the M.H.S. faculty, the Spanish room and its resident instructor, Senora Smith, are sure to get votes. Few know that Linda Krueger Smith comes from Iowa with all her knowledge of Spanish.

One doubts whether even southern Iowa could have taught her how to stab Blanca and Pedro, the two pigs which reside in her classroom. The doll Paco makes appearances along with occasional little visitors who just might be Senora Smith in disguise. Along with Mexican songs, verb games, and characters on the blackboard, Senora Smith will go on doing what she does so well, teach Spanish I, II, III, and IV.

Spanish teachers do find occasional quiet moments as Senora Smith demonstrates here at her own desk.

"STANDING OUT"

Volume 66 of the *Menomin* was published by the twelve members of the yearbook staff. It was printed by the Jostens Printing and Publishing Division, located in Topeka, Kansas. The sales representative was Mike Smith from Eau Claire, Wisconsin.

The cover is school-designed silk-screening litho style with a laminated plastic protective surface. The end sheets are school-designed, printed on 65 lb., gold dust color, with a matte finish. The pages are printed on 80 lb. enamel paper. The format is 8½ by 11 inches.

All body copy is Lydian type set in 10 point. All captions are Lydian type set in 8 point. The headlines and folio

kickers are Lydian type set in 24 and 14 point respectively.

Some of the sport candid and team pictures were furnished by *The Dunn County News*. The Menomonie High Audio-Visual Department also furnished photos. The staff members furnished the rest of the photos. A majority of the pictures were taken on Tri-X or Plus-x film. The staff developed and printed their own photographs.

The cost of the books was \$17.00. Seven hundred and seventy-five books were ordered from the company. The staff thanks the secretaries, the teaching staff, the students and the parents for all their assistance in all facets of the *Menomin*. In addition, many students volunteered their time to type as Mr. Skultety directed. All of these volunteers, go together to help make this yearbook a fun experience.

Like many students, John Ellenson uses the library to keep up on the latest happenings.

Molly Harris, Mindy Walter, and Lora Weiman find the discussion in psychology "eye-opening".

ADVERTISERS

This shot of Menomonie's busy Main Street shows familiar businesses with Stout's tower in the background, reminding all graduates of Menomonie High that they are always welcome here.

Main Street in Menomonie is just the place for a photo studio or any other business where you need a great town of happy consumers.

Clothing stores are found in any town but in a college community, they play an even more important role.

IT'S A GOOD TIME
FOR THE GREAT TASTE 

Going to McDonald's® is almost as much a part of school as going to class. You've made us the place to meet, to talk, to have a good time, to celebrate your victories and help forget defeats.

You've made McDonald's more than just another place to eat. And that's why, at McDonald's, we say...

An important tale in Indian history is reenacted during the senior skit for Homecoming 85.

Suzanne Frank and Monica Kuester are helping the blood drive get off to a great start.

Missy Brown, Lisa Hamm and Anne Hokanson ask if Senior Composition is always this much fun?

A fashion show is not complete without food as Monique LaForte, Holly Hebl, Julie Long, and Mary Jo Wagner demonstrate.

Senior Composition is always a "happy challenge" as Lisa Witt and Sandy Brady show by their expressions.

The computer room always has room for one more as shown by Lisa Merritt, Tammy Schleusner, Julie Brenhoffer, and Kim Hinzman.

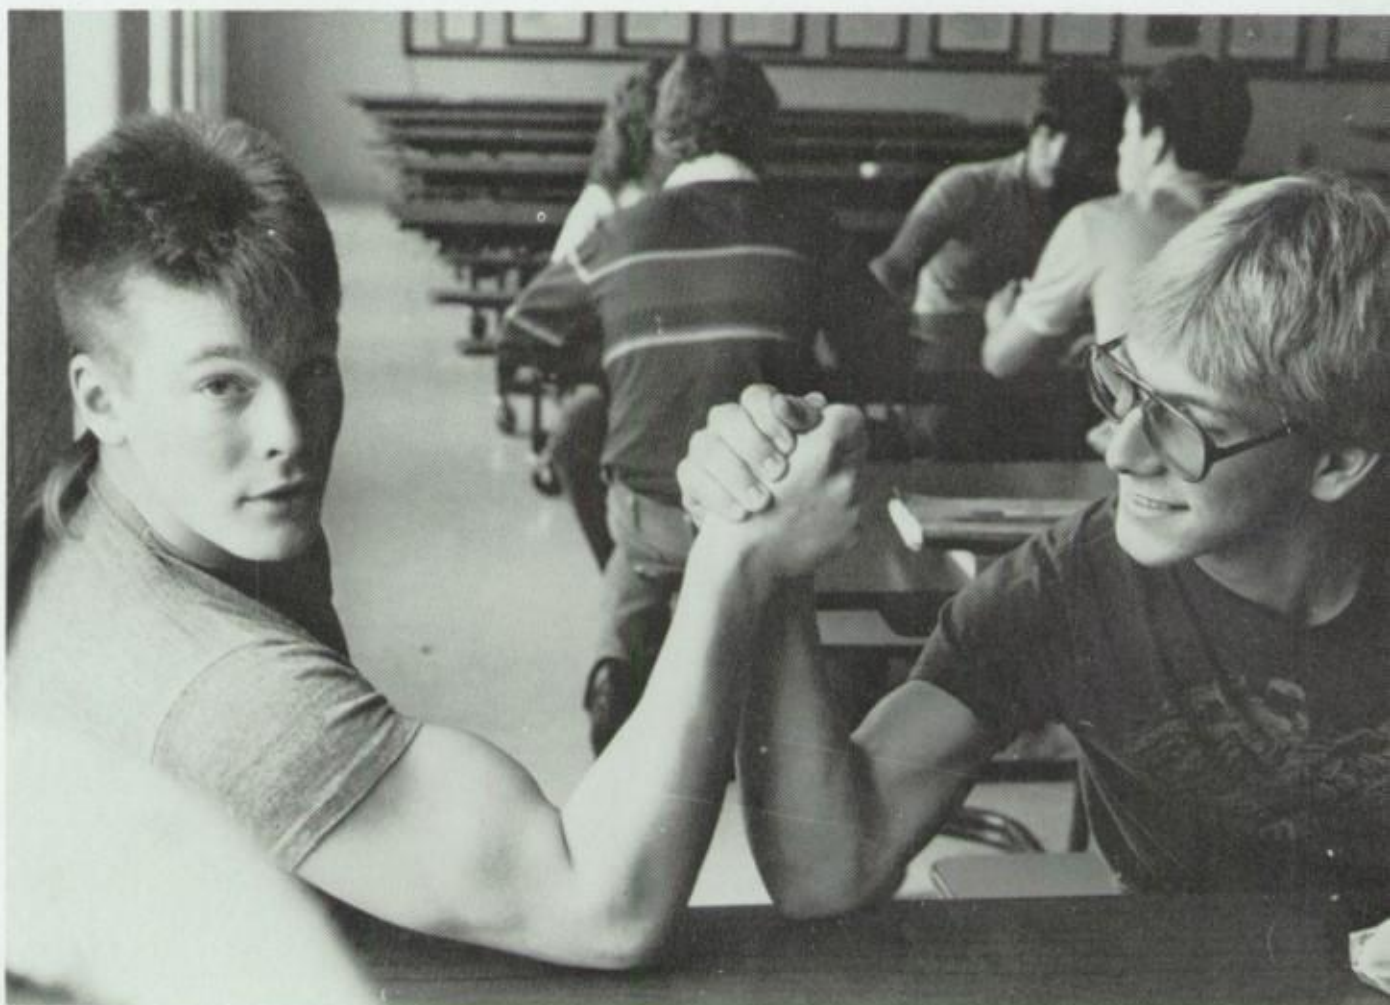

A sunny day brings on good smiles from Michelle Murray and Lisa Hauck.

After grueling practices, Alan Fahl and Wendy Coomer take a "time-out" before heading home.

Track this season is "thumbs up" according to track star Steve Shepard.

Randy Stokke finds that Bruce Zittleman is tougher competition than he bargained for.

This enthusiastic MHS crowd, Corinná See, Donny Hanson, Monique LaForte, Kim Pickerign, Julie Long, and Jennifer Long, find themselves in Madison cheering on the Indians for the state title.

Cruising to Madison for the state championship game finds Alan Anderson and Donny Hanson, ready to show their spirit!

Hold On To The Moment

Single file and yet together,
We have shared our greatest days.
And we carry common memories in
Different ways.
Though we don't know where we're
going,
We will cherish where we've been.

Hold on to the moment.
Let the feeling show.
Hold on to the moment,
Never let it go.

I can picture us together
With my arm around my friends.
Just let me hold on to this moment,
Before it ends.
There was laughter. There was tears,
Through the dozen golden years.

Dedicated to the class of 1986
